PRESS NOTE

Telangana Council of Higher Education (TGCHE) Announces Key Initiatives to Strengthen Higher Education

1. Comprehensive Revision of UG Syllabus: Enhancing Employability and Industry Relevance

The Telangana Council of Higher Education (TGCHE) has initiated a significant revision of the undergraduate curriculum to align with global trends and the evolving job market. This initiative aims to balance theoretical knowledge with practical skills, ensuring students are industry-ready and employable.

Key Objectives:

- Integrate hands-on learning and industry-relevant knowledge.
- Develop key employability competencies.
- Equip students with industry-aligned skills to enhance global competitiveness.

Subject-specific committees led by TGCHE Chairman and Vice-Chairmen are spearheading the syllabus revision, with implementation planned soon.

2. Proposal for Reforms and Strengthening Telangana Higher Education System

The TGCHE invites suggestions from stakeholders, including academicians, industry experts, students, and policymakers, to foster collaboration and inclusivity. A dedicated Google form for suggestions is available on the TGCHE website: www.tgche.ac.in.

Focus Areas for Suggestions:

1. Integration of Technology and Digital Transformation.
2. Curriculum Revamp for Industry Alignment.
3. Strengthening Research and Development.
4. Faculty Development Programs.
5. Improving Access and Equity.
6. Promoting Internships and Skill Development.

7. Entrepreneurship and Innovation Ecosystem.
8. Establishing Feedback Mechanisms.
9. Infrastructure and Quality Enhancement.

This initiative reflects TGCHE's commitment to fostering innovation, equity, and excellence in higher education.

3. Internship Programme at TGCHE: Bridging Academia and Industry

TGCHE is launching an internship programme to provide practical exposure to students, recent graduates, and young professionals in higher education governance, policy-making, and institutional management. This programme is in alignment with UGC guidelines for research and internships, aiming to bridge the gap between academic learning and real-world challenges.

Objectives of the Internship Programme:

- Offer hands-on experience in policy-making, governance, and project management.
- Bridge academic learning and industry requirements.
- Foster innovative thinking through fresh perspectives.
- Prepare a skilled workforce for contemporary challenges like digital transformation and sustainability.

Benefits for Interns:

- Exposure to real-world projects in higher education governance.
- Development of skills in policy analysis, research, and project management.
- Networking with higher education leaders and experts.
- Certificate of completion and recommendations for exceptional performance.

Benefits for TGCHE:

- Access to a talented pool of young professionals.
- Enhanced capacity for research, project implementation, and administrative tasks.
- Strengthened collaboration between institutions and TGCHE.

This internship programme exemplifies TGCHE's dedication to creating a future-ready education ecosystem and empowering the next generation of leaders.
