List of October Events 2025

Editorial Board

The month of October 2025 marks yet another milestone in the transformative journey of higher education in Telangana. It fills me with immense pride to witness how the Telangana Council of Higher Education (TGCHE) continues to drive academic innovation, policy reform, and social responsibility across institutions in the State. Each activity undertaken this month be it academic, administrative, or outreach—has contributed significantly to strengthening the foundations of a dynamic, inclusive, and globally competitive higher education ecosystem.

During October, our Council initiated and supported a wide range of programmes aimed at promoting transparency in governance, student empowerment, skill development, and academic excellence. Through the series of RTI Awareness Programmes held across universities and colleges, TGCHE reiterated its commitment to building a culture of openness and accountability in public institutions. The enthusiastic participation of students, faculty, and administrators from across Telangana reaffirmed our belief that the Right to Information is not merely a legal provision but a powerful instrument for strengthening democracy and citizen engagement.

In parallel, TGCHE has been actively working to bridge the gap between academia and industry. The Mega Placement Drive organized in collaboration with BDMAI at Palamuru University stands as a testimony to our continuous efforts in connecting young graduates with meaningful employment opportunities. The overwhelming response from students and recruiters alike reflects the growing confidence in Telangana's higher education ecosystem as a hub of skill and talent.

Our association with leading organizations, including the Confederation of Indian Industry (CII) and Thirulabs India, has opened new avenues for collaboration in areas such as Cyber Security, Entrepreneurship, and Digital Innovation. Initiatives like the English Algorithm Programme, launched in partnership with TRSMA, further demonstrate TGCHE's commitment to enhancing communication skills and employability among students in both government and private institutions.

The Council also took pride in participating in several academic and cultural events—VIDHWATA Law Fest, Global Tourism Conference, and multiple Convocation Ceremonies across colleges—where I had the privilege of interacting directly with students and faculty members. These platforms not only celebrate academic achievement but also serve as reminders of our collective responsibility to nurture ethical, informed, and socially conscious graduates.

A particularly significant moment this month was the opportunity to present TGCHE's One-Year Journey Report to the Hon'ble Chief Minister, Sri A. Revanth Reddy Garu. The report encapsulates the progress made under Vision 2047 – Rising Telangana, Viksit Bharat, and outlines our roadmap for curriculum reforms, research strengthening, and international collaborations in the coming years.

As we move forward, TGCHE remains steadfast in its mission to promote quality, equity, and relevance in higher education. Our focus will continue to be on developing multidisciplinary and skill-integrated curricula, fostering innovation-driven learning, and expanding global academic partnerships. The Council is determined to ensure that every student in Telangana has access to education that empowers, enlightens, and enables them to contribute meaningfully to the State and the Nation.

I take this opportunity to extend my sincere appreciation to all Vice-Chancellors, Principals, faculty members, and students for their proactive engagement and collaboration in every initiative of the Council. My heartfelt gratitude also goes to the dedicated TGCHE staff, whose tireless efforts ensure that every idea is translated into impactful action.

Together, let us continue to build a strong, transparent, and forward-looking higher education framework for Telangana—one that embodies the spirit of innovation, inclusivity, and excellence.

Prof. V. Balakista Reddy

Chairman, TGCHE

TGCHE releases Press about Mega Placement Drive

The Telangana Council of Higher Education **(TGCHE),** as part of its **Internship and Skill Development Initiatives,** is convening a **Mega Campus Placement Drive, 2025,** in collaboration with the Bulk Drug Manufacturers Association of India **(BDMAI) at Palamuru University** only for **male candidates** on 11th October 2025 from **10:00 AM onwards**

The TGCHE and the BDMAI have signed a landmark Memorandum of Understanding (MoU) on 8th February 2025 to bridge the skill gap between academia and the pharmaceutical industry and develop industry-relevant curriculum and training programs. The MoU focuses on equipping students with practical knowledge and competencies in key areas such as pharma manufacturing, research and development, quality control, and environmental management.

The BDMAI, an apex industry body representing nearly 500 bulk drug and pharmaceutical manufacturing companies across India in Telangana, Andhra Pradesh, Gujarat, Maharashtra, Himachal Pradesh, and Tamil Nadu has come forward to provide employment opportunities to the youth through the signed MoU.

The drive is open only for male candidates from the batches 2025, 2024, 2023, 2022 & 2021, possessing qualifications such as M.Sc. Chemistry, M.Sc. (5-Year Integrated) Chemistry, Microbiology, M. Pharm, B. Pharm, B.Tech (Mechanical, Electrical, Chemical, Instrumentation), B.Sc. Chemistry, Intermediate, and ITI.

The candidates will have an opportunity to be placed in reputed companies for various positions such as **QC, QA, Chemist, Machine Operators, and other technical roles.**

Date: 11.10.2025 (Saturday) from 10:00 AM onwards

Venue: Palamuru University, Mahabubnagar

Last Date for Registration: 08.10.2025

Registration Link:

https://forms.gle/ctBZNQ1ByU5B6xKB6

For details, contact: Dr. S. N. Arjun Kumar, Placement Officer – Ph. No. 9849445877

On this occasion, Prof. V. Balakista Reddy, Chairman, TGCHE, expressed that these initiatives taken by the TGCHE are vital in linking academia with industry and enhancing employability among youth. He emphasized that **"the development of youth is the development of our State, and ultimately, the development of our Nation."**

Prof. Reddy further encouraged all **eligible male candidates,** especially from **rural and semi-urban backgrounds,** to avail this opportunity and build their professional careers and contribute to the State development and in turn to Nation's progress.

Empowering Governance through Transparency: Prof. V. Balakista Reddy's Call for RTI Awareness

Prof. V. Balakista Reddy, Chairman, TGCHE, addressing the gathering during the RTI Awareness Seminar at the District SP Office, Nagarkurnool, as part of RTI Week 2025 celebrations.

In a significant step toward promoting transparency and accountability in public institutions, **Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE),** participated as the **Chief Guest** on 5/10/2025 at an awareness seminar on the Right to Information (RTI) Act, organized at the District SP Office, **Nagarkurnool,** as part of the **RTI Week 2025** celebrations.

Addressing the gathering, Prof. Reddy underscored the vital role of the RTI Act in empowering citizens and fostering trust between the government and the public. He emphasized that transparency is not merely a legal obligation but a cornerstone of democratic governance. By enabling citizens to access information, the RTI Act ensures accountability, curbs corruption, and promotes ethical administration.

Prof. Reddy elaborated on the practical aspects of RTI implementation, highlighting the duties of public authorities to provide clear, accurate, and timely information. He urged all stakeholders—particularly those in higher education institutions—to uphold the spirit of openness and responsiveness in public service.

Under the visionary leadership of Prof. Reddy, **TGCHE** has been proactively encouraging universities and colleges across Telangana to integrate RTI awareness and best practices into their academic and administrative systems. These efforts aim to cultivate a culture of transparency, ethical governance, and civic responsibility among students, faculty, and administrators alike.

By fostering such initiatives, **TGCHE** continues to champion a transformative agenda—one that not only enhances governance standards but also empowers the academic community to contribute meaningfully to the ideals of participatory democracy and public trust.

TGCHE, requests Youth of Telangana to Participate in World Skill Competition 2026

The **TGCHE is actively partnering with the Department of Employment and Training, Government of Telangana, to disseminate comprehensive information** about these skill competitions and requests all youth of Telangana to participate in the **World Skill Competition – 2026,** the Olympics of Skills, scheduled to be held in **Shanghai, China, in September 2026.**

The **Department of Employment and Training, Government of Telangana** is the nodal agency at the state level for conducting **State Skill Competitions,** while the **Ministry of Skill Development and Entrepreneurship, Government of India,** is the nodal agency at the national level for **India Skill Competitions.**

Winners of the **State Skill Competition** will represent Telangana in the **India Skill Competition,** and national winners will represent **India** at the **World Skill Competition 2026 in Shanghai.**

The competitions cover **63 skill categories**, including Cyber Security, Web Technologies, Additive Manufacturing, IT Network Systems Administration, Electronics, Brick Laying, Electrical Installations, Cooking, Bakery, Landscape Gardening, and more.

Eligibility criteria:

- **General Skills:** Born on or after January 2004

- **Advanced Skills**: Born on or after January 2001

Participation is only through registration on the **Skill India Digital Portal:**

https://www.skillindiadigital.gov.in/home.

The last date for registration is 15th October 2025.

Prof. V. Balakista Reddy, Chairman, TGCHE, has appealed to all the **youth of Telangana** to actively participate in these prestigious competitions and bring **glory to Telangana** and to India on the global stage. He emphasized that such opportunities are instrumental in promoting the spirit of innovation, excellence, and skill development among the youth, contributing significantly to the vision of Skilled India.

Prof. V. Balakista Reddy, Chairman, TGCHE, encouraging the youth of Telangana to actively participate in the World Skill Competition – 2026, the "Olympics of Skills," to be held in Shanghai, China.

TGCHE Conducts Online Awareness Programme on Right to Information (RTI)

In pursuance of the Government's U.O. Note and as part of the State-wide observance of R**TI Week 2025 (5th–12th October 2025),** the **Telangana Council of Higher Education (TGCHE) organized an Online Awareness Programme on the Right to Information (RTI) on 7th October 2025 (Tuesday) at 11:30 a.m.**

The programme was addressed by **Prof. V. Balakista Reddy, Chairman, TGCHE,** and was attended by **Prof. E. Purushotham, Vice-Chairman–I, TGCHE**, along with **Vice-Chancellors, Registrars, Faculty Members and RTI Officers** of State Universities and their affiliated colleges across Telangana.

In his address, **Prof. V. Balakista Reddy** highlighted the significance of the **Right to Information Act, 2005** as a cornerstone of democratic governance, transparency, and accountability. He emphasized that RTI not only empowers citizens to seek information but also strengthens institutions by promoting openness and integrity in administrative processes.

During his detailed presentation, Prof. Reddy elaborated on several key themes including:

1. **Introduction:** The Right to Information Act, 2005, stands as one of the most powerful democratic reforms in India, ensuring transparency, accountability, and citizen empowerment. It enables every individual to seek information from public authorities, fostering trust and participatory governance.

2. **Importance of RTI Week & Awareness Campaigns:** RTI Week (5th–12th October) is observed across Telangana to promote awareness among citizens and officials. These campaigns aim to enhance understanding of the RTI Act and strengthen transparency, participation, and good governance.

3. **Origins of the Right to Information:** The global RTI movement began in Sweden in 1766 and spread to over 130 countries worldwide. These laws share a common goal — to promote openness, prevent corruption, and ensure accountability in public administration.

4. **International Human Rights and the Right to Information:** RTI is recognized globally as a fundamental human right under the UN Declaration of Human Rights (1948) and the ICCPR (1966), affirming that access to information is essential for free expression and democratic participation.

5. **Historical Background in India** : India's RTI movement grew from grassroots struggles such as the MKSS campaign in Rajasthan, demanding transparency in public spending. These citizen efforts led to the passage of the RTI Act, 2005, replacing the weaker Freedom of Information Act, 2002.

6. **Indian Constitution and Right to Information :** The RTI principle is rooted in Articles 19(1)(a) and 21 of the Constitution, which guarantee freedom of speech and the right to life. Judicial interpretations have affirmed that the "right to know" is fundamental to democracy.

7. **Judicial Pronouncements & Jurisprudence**: Landmark cases like Raj Narain (1975), S.P. Gupta (1982), and PUCL (2004) recognized RTI as part of the fundamental right to freedom of expression. Courts continue to strengthen the balance between transparency and privacy.

8. **Overview of the RTI Act, 2005:** The Act provides a practical framework for citizens to access information, asserting that "disclosure is the rule, secrecy the exception." All government-funded universities and institutions fall under its purview.

9. **Objective of the Act:** To promote transparency and accountability in all public authorities, empower citizens, and build a participatory and corruption-free governance system.

10. **Main Principles of the Act:** The Act is guided by principles of maximum disclosure, proactive publication, open government, public interest, and timely

access—ensuring that citizens can easily obtain information.

11. **Scheme of the Act:** Comprising six chapters, the Act outlines citizens' rights, obligations of authorities, structures of Information Commissions, appeals, and penalties—ensuring institutional responsibility at all levels.

12. **What to Disclose and What Not to Disclose**: While administrative and public-interest information should be freely available, exemptions apply to matters of national security, personal data, and ongoing investigations to maintain a responsible balance.

13. **Drawbacks, Challenges, and Misuses:** Delays in responses, lack of awareness, and threats to activists hinder effective implementation. Strengthening RTI mechanisms and protecting users remain key priorities.

14. **Proposals for Improvement in the Digital Age:** Digital technology should be leveraged to simplify filing, tracking, and responding to RTI queries. Secure e-platforms, policy reforms, and public participation can enhance accessibility and efficiency.

15. **Achievements (2005–2025):** Over the past two decades, RTI has empowered citizens, exposed corruption, and strengthened accountability. Around six million applications are filed annually, demonstrating its deep public impact.

16. **Limitations and Challenges:** Despite notable success, challenges persist—such as backlogs, limited awareness, and balancing transparency with privacy. Institutional strengthening and continuous training are needed.

17. **RTI in the Digital Age and Its Impact :** RTI has entered the digital era with online portals and e-governance tools enabling faster access. However, data protection laws like the Digital Personal Data Protection Act, 2023, require a careful balance between openness and privacy.

Prof. Reddy invited participants to share suggestions and best practices to compile a common booklet or handbook for universities and colleges on effectively handling RTI queries.

At the conclusion of the programme, the Secretary, TGCHE, proposed a Vote of Thanks, expressing gratitude to all participants and urging universities to conduct similar awareness programmes during RTI Week (5th –12th October 2025). He further requested all institutions to submit a brief report with photographs of their RTI activities to the Telangana Information Commission and TGCHE by 15th October 2025.

Chairman, TGCHE has attended an online lecture of Trade, Law, IPRs Treaties & Technology for Space LAW

Prof. (Dr.) V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE), attended an online lecture on "Trade, Law, IPRs Treaties & Technology for Space Law" on 8th October 2025. The session brought together leading academicians, legal scholars, and policy experts to deliberate on the complex interrelationship between international trade regimes, intellectual property rights, technological innovation, and space law.

The lecture highlighted the growing importance of space as a strategic and economic frontier, emphasizing the need for coherent legal and institutional frameworks to govern activities in outer space. Discussions revolved around key international treaties such as the Outer Space Treaty (1967) and recent developments concerning commercial space ventures, satellite communication, and technology transfer.

In his address, Prof. Reddy underlined the critical role of law and policy in promoting transparency, innovation, and global cooperation in the peaceful use of outer space. He stressed that as India's space sector expands rapidly under public–private collaboration, there is a pressing need to build national expertise in space governance, IPR protection, and technology regulation.

Drawing from his academic background as a distinguished scholar in international law and air and space law, Prof. Reddy advocated for introducing interdisciplinary courses and research initiatives in higher education institutions to prepare the next generation of legal professionals, technologists, and policymakers in this emerging domain.

The lecture served as a valuable platform for knowledge exchange and capacity-building, reflecting India's commitment to contributing to global space governance through education, research, and responsible innovation.

Prof. (Dr.) V. Balakista Reddy, Chairman, TGCHE, participating in the online lecture on "Trade, Law, IPRs Treaties & Technology for Space Law" held on October 8, 2025.

Chairman, TGCHE has attended Awareness Programme on RTI Act, 2005 for Tribal Welfare Degree College Students

As part of the observance of RTI Week 2025, the Telangana Tribal Welfare Residential Educational Institutions Society (TTWREIS) organized a state-wide awareness programme on the Right to Information (RTI) Act, 2005 across all 22 Tribal Welfare Degree Colleges in Telangana. The initiative aimed to enlighten undergraduate students on the importance of transparency, accountability, and civic responsibility in a democratic society.

Prof. (Dr.) V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE), attended the event as the Chief Guest and delivered an inspiring address emphasizing the role of the RTI Act as a vital instrument for good governance and participatory democracy. He highlighted how informed citizens contribute to building a transparent and responsive administrative system.

Smt. K. Seetha Lakshmi, IAS, Secretary, TTWREIS, and Prof. Reddy interacted with students, encouraging them to exercise their right to information responsibly and use it as a means to strengthen democratic institutions.

The programme saw active participation from students and faculty, reflecting growing civic awareness and engagement among youth. Key themes discussed included:

- Awareness on the provisions and objectives of the RTI Act, 2005.

- Youth participation in governance and nation-building.

- Integration of education with civic responsibility and transparency.

- Responsible use of RTI to curb misinformation and enhance accountability.

- Youth empowerment towards Mission Telangana Rising 2047.

Officials from TTWREIS noted that such initiatives help nurture socially conscious and empowered graduates who are well-informed about their rights and duties as citizens. The Society plans to organize more such programmes to foster civic engagement and participatory governance among students.

Prof. (Dr.) V. Balakista Reddy, Chairman, TGCHE, addressing students during the RTI Awareness Programme organized by TTWREIS.

Chairman, TGCHE Attends Awareness Session on RTI Act, 2005 at MLR Institute of Technology- Hyderabad

Prof. (Dr.) V. Balakista Reddy, Chairman, TGCHE, addressing students during the Awareness Session on the RTI Act, 2005, held at MLR Institute of Technology, Hyderabad, on October 9, 2025.

As part of the ongoing observance of RTI Week 2025, an Awareness Session on the Right to Information (RTI) Act, 2005 was organized at MLR Institute of Technology, Dundigal, Hyderabad on 9/10/2025. The programme aimed to educate students and faculty on the significance of the RTI Act in promoting transparency, accountability, and participatory governance.

Prof. (Dr.) V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE), attended the session as the Chief Guest and delivered an inspiring address highlighting the transformative role of the RTI Act in empowering citizens and ensuring good governance. He emphasized that awareness of the RTI mechanism among youth and academia strengthens democratic institutions and builds a culture of openness and responsibility.

Prof. Reddy urged students to be informed, responsible, and proactive citizens, using the RTI Act as a constructive tool to seek information and contribute to public accountability. He also stressed the importance of integrating civic education and legal awareness into higher education curricula to nurture ethically conscious graduates.

The event witnessed active participation from students, faculty members, and RTI coordinators, who engaged in interactive discussions on the provisions, objectives, and practical application of the Act.

Officials from MLR Institute of Technology expressed gratitude to the Chairman, TGCHE, for his valuable insights and encouragement to the student community. The programme concluded with a renewed commitment to promote transparency and responsible governance in higher education institutions.

Chairman, TGCHE Attends Awareness Session on RTI Act, 2005 at Holy Mary Institute of Technology and Science

Prof. (Dr.) V. Balakista Reddy, Chairman, TGCHE, addressing students and faculty during the Awareness Session on the RTI Act, 2005, at Holy Mary Institute of Technology and Science, Bogaram, Hyderabad

As part of the observance of RTI Week 2025, an Awareness Session on the Right to Information (RTI) Act, 2005 was organized at Holy Mary Institute of Technology and Science (HITS), Bogaram, Hyderabad on 9/10/2025. The programme aimed to sensitize students and faculty members on the importance of transparency, accountability, and citizen empowerment in a democratic society.

Prof. (Dr.) V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE), attended the session as the Chief Guest and addressed the gathering. In his keynote address, he emphasized that the Right to Information Act, 2005 serves as a powerful instrument for good governance and participatory democracy, enabling citizens to access public information and ensure accountability at all levels of administration.

Prof. Reddy urged students to develop a spirit of civic responsibility and make constructive use of the RTI mechanism to promote transparency in public life. He underscored the role of higher education institutions in nurturing informed, responsible, and socially conscious youth who can contribute meaningfully to the nation's development.

The session witnessed enthusiastic participation from students, faculty members, and RTI officers. Interactive discussions were held on the objectives, scope, and practical application of the RTI Act, reflecting the growing awareness and engagement among young citizens.

Officials from Holy Mary Institute of Technology and Science appreciated the insightful address of the Chairman, TGCHE, and reaffirmed their commitment to promoting transparency and accountability within academic institutions.

Chairman, TGCHE Addresses Graduates at Tapasya College Convocation Ceremony

Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE), graced the Graduation Ceremony of Tapasya College of Commerce and Management held at Ravindra Bharathi, Hyderabad on dt.10.10.2025, and addressed the graduating students, faculty, and parents.

In his inspiring address, Prof. Reddy commended Tapasya College for its commitment to academic excellence, innovation, and value-based education, highlighting its significant contribution to Telangana's higher education landscape. He noted that the institution has been playing a vital role in nurturing young minds to excel in their careers and serve society with integrity and purpose.

Addressing the graduates, Prof. Reddy emphasized that graduation is not an end but a beginning — a gateway to lifelong learning and meaningful contribution. He urged students to view their education not merely as a qualification, but as a responsibility to build a better society, a stronger state, and a progressive nation.

He said, "Telangana stands at the forefront of India's transformation — a state known for innovation, entrepreneurship, and knowledge-driven growth. Our youth must become not just job-seekers, but job-creators; not just followers, but leaders."

Encouraging the students to pursue excellence and innovation, Prof. Reddy reminded them that success belongs to those who dream big and work hard. He further added, "Don't wait for opportunities — create them. Don't just chase success — inspire it. And wherever you go, take Telangana and India with you in your heart."

Prof. Reddy also appreciated the management and faculty of Tapasya College for their dedication to quality education and holistic student development, aligning with the vision of TGCHE to make Telangana a hub of knowledge, skills, and innovation.

The event concluded with congratulatory remarks and warm wishes to the graduating students for a future filled with purpose, pride, and prosperity.

Prof. V. Balakista Reddy, Chairman, TGCHE, addressed the graduates at the Convocation Ceremony of Tapasya College of Commerce and Management held at Ravindra Bharathi, Hyderabad.

TGCHE and BDMAI Jointly Organized Mega Campus Placement Drive at Palamuru University

The Telangana Council of Higher Education (TGCHE), in collaboration with the Bulk Drug Manufacturers Association of India (BDMAI), successfully organized a Mega Campus Placement Drive on 11th October 2025 at Palamuru University, Mahabubnagar.

This landmark event was held as part of TGCHE's Internship and Skill Development Initiatives aimed at promoting employability, industry readiness, and hands-on exposure among higher education students across Telangana. The drive marked a significant milestone in the Council's ongoing mission to bridge the gap between academia and industry, ensuring that students from various disciplines are equipped with relevant skills and opportunities for gainful employment.

Addressing the students, Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education, urged the youth to nurture innovation, enhance their technical and communication skills, and stay adaptable in an ever-evolving industrial ecosystem. He stated that the Telangana Government, through TGCHE, is determined to empower graduates with employable skills, entrepreneurial vision, and global competitiveness.

Prof. Reddy emphasized that education should go beyond classroom learning and should prepare students for the real-world challenges of the 21st century. He lauded the collaborative model of the TGCHE–BDMAI partnership, which provides a strong platform for graduates, particularly from rural and semi-urban backgrounds, to connect with leading industrial houses and secure meaningful career pathways.

The Mega Placement Drive witnessed enthusiastic participation from over 600 students representing various colleges and universities across Telangana. A total of 8 prominent pharmaceutical and bulk drug companies took part in the recruitment process, conducting two rounds of interviews and skill assessments. Several students were shortlisted and offered employment opportunities during the event, reflecting the strong academic–industrial synergy fostered through this initiative.

Prof. Reddy commended Prof. Avula Damodaram, Vice-Chancellor, Palamuru University, and his team for their dedicated support and hospitality in hosting the event. He also acknowledged the leadership of BDMAI for its active involvement and commitment to nurturing local talent for the State's thriving pharmaceutical sector.

The Chairman appreciated the efforts of the TGCHE officials, faculty coordinators, and placement officers who contributed to the smooth conduct of the event. He reaffirmed that the Council will continue to organize such Mega Campus Drives, Internship Fairs, and Industry–Academic Collaborations across Telangana's universities to provide students with pathways toward professional growth and national development.

Prof. Reddy concluded with an inspiring message to students: *"The future belongs to those who learn, unlearn, and relearn. Keep upgrading your skills, think innovatively, and believe that your success contributes to Telangana's progress and India's growth story."*

Prof. V. Balakista Reddy, Chairman, TGCHE, addressing students during the Mega Campus Placement Drive organized jointly by TGCHE and the Bulk Drug Manufacturers Association of India (BDMAI) at Palamuru University, Mahabubnagar, on 11th October 2025.

Awareness Seminar on Right to Information Act Held at Jayaprakash Narayan Engineering College, Mahabubnagar

As part of the State-wide observance of RTI Week 2025 (October 5–12), a special Awareness Seminar on the Right to Information (RTI) Act, 2005 was organized at Jayaprakash Narayan Engineering College, Mahabubnagar on 11.10.2025. The programme aimed to sensitize students and faculty members about the significance of transparency, accountability, and citizens' right to access information in a democratic society.

Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE), attended the event as the Chief Guest. In his keynote address, he emphasized that every citizen must be aware of the provisions of the RTI Act, which serves as a powerful instrument to promote transparency and good governance. He noted that the Indian Constitution is the world's largest and most comprehensive, encompassing numerous rights and responsibilities that empower every citizen to actively participate in nation-building.

Prof. Reddy stated that awareness is the foundation of empowerment, and the Right to Information Act, 2005, is not merely a law but a movement that gives citizens the power to question, to know, and to participate in governance. He underlined that transparency is the essence of democracy and that the RTI Act stands as one of the strongest tools to uphold this principle.

Encouraging the students, he said that a questioning attitude is the hallmark of a healthy democracy, as it enhances knowledge, understanding, and accountability. He urged the youth to make responsible use of their right to information and to understand both the RTI Act and the Constitution as part of their civic duty.

"Every student, as a future citizen and professional, should know how to seek information and ensure accountability in public life. The more we question, the stronger our democracy becomes. Informed citizens make empowered nations," Prof. Reddy remarked.

He concluded by highlighting that understanding laws and constitutional provisions is crucial for strengthening the democratic fabric of the nation and fostering a culture of transparency and integrity.

College Chairman Sri K.S. Ravikumar, in his address, emphasized that awareness of laws and the Constitution is vital for every citizen, as the RTI Act provides an opportunity to identify and correct flaws within the system. College Secretary Sri V. Venkatarama Rao, Principal Dr. P. Krishnamurthy, and Palamur Blood Bank Secretary Sri Balayya also participated and appreciated TGCHE's proactive role in promoting RTI awareness across higher educational institutions in Telangana.

The programme concluded with a collective commitment to uphold the spirit of the RTI Act and encourage students to become informed, responsible, and participatory citizens in the journey toward a transparent and accountable India.

Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education, addressed at Jayaprakash Narayan Engineering College

Chairman, TGCHE Participates in KUPAAH Golden Jubilee at Nampally

On 12 October 2025, Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE), graced the Golden Jubilee Celebration of the Kakatiya University Pharmacy Alumni Association (KUPAAH) held at the Exhibition Grounds, M.J. Road, Nampally, Hyderabad

The alumni event, commemorating 50 years (1974–2025) of the University College of Pharmaceutical Sciences (UCPSc), was organized over two days (11–12 October 2025) by KUPAAH (Hyderabad chapter) to celebrate the institution's legacy and strengthen connections among alumni, students, faculty, and industry.

Highlights of the Event

- The Golden Jubilee function included exhibitions, panel discussions, felicitation ceremonies, and networking sessions designed to reflect on the journey of pharmacy education at Kakatiya University and chart a path forward for future growth and collaborations.

- Alumni, faculty, and special invitees from across the pharmaceutical, academic, and regulatory sectors participated, sharing their experiences, achievements, and future visions.

- The event also underscored the need for active alumni engagement in mentoring, research collaboration, and institutional development initiatives.

Chairman's Address & Key Messages

Prof. Reddy lauded the collective achievements of UCPSc over the past five decades, emphasizing that such milestones are made possible by committed faculty, dedicated alumni, and institutional vision. He highlighted several points:

1. Role of Alumni in Institutional Growth: He urged alumni to actively contribute to curriculum development, research initiatives, and capacity building, thereby bridging the gap between academia and industry.

2. Industry–Academia Synergies: Given the rapid advancements in pharmaceutical sciences, he stressed that strong collaborations between academia, industry, and regulatory bodies are essential to keep education and training relevant.

3. Empowerment through Research and Innovation : He encouraged alumni and students alike to be proactive in research, innovation, and adoption of new technologies, positioning Telangana and India as global leaders in pharmaceutical science and healthcare solutions.

4. Mentorship & Student Support: He called on accomplished alumni to give back by mentoring young graduates, assisting with placements, and sharing knowledge and networks to uplift the next generation.

Prof. Reddy also expressed his appreciation to the KUPAAH organizing committee, faculty of UCPSc, and all attendees for orchestrating a grand celebration that balanced nostalgia, institutional pride, and futuristic vision.

Institutional Legacy & Future Vision

The UCPSc department, tracing its roots back to 1974–75, has over the years emerged as a premier hub for pharmaceutical education and research. KUPAAH, formed in 1999 (Registration No. 2361), has served as a vibrant platform uniting alumni, fostering professional networking, and supporting their alma mater.

As part of this Golden Jubilee, KUPAAAH aims to strengthen the alumni base, promote philanthropic contributions, support student scholarships, and facilitate institutional upliftment through collaborative projects and consultancy.

Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education, addressed attendees at the KUPAAH Golden Jubilee Celebration of Kakatiya University Pharma Alumni at Exhibition Grounds, Nampally, Hyderabad (12 October 2025).

Chairman, TGCHE Attends VIDHWATA Law Fest at Dr. B.R. Ambedkar Law College, Hyderabad

The Chairman, Telangana Council of Higher Education (TGCHE), Prof. V. Balakista Reddy, attended the VIDHWATA Law Fest organized by Dr. B.R. Ambedkar Law College, Hyderabad, as the Chief Guest on dt.13.10.2025. The event, held in the presence of Hon'ble Dr. Justice D. Nagarjun, Chairman, Telangana State Electricity Regulatory Commission, brought together eminent jurists, faculty members, and law students from across the State.

The VIDHWATA Law Fest is a vibrant annual celebration of legal knowledge, student leadership, and intellectual exchange, providing a platform for aspiring law professionals to showcase their analytical skills through moot courts, debates, and legal symposia.

Addressing the gathering, Prof. Reddy congratulated the Principal, faculty, and students of Dr. B.R. Ambedkar Law College for organizing a dynamic academic event that promotes critical thinking and constitutional awareness among youth.

He noted that the very name "Vidhwata" signifies wisdom, which lies at the core of law and justice. Quoting Dr. B.R. Ambedkar, he said, "Cultivation of the mind should be the ultimate aim of human existence," reminding students that true legal education goes beyond textbooks and judgments — it cultivates character, empathy, and responsibility toward society.

Prof. Reddy emphasized that in today's fast-changing world, marked by technological disruption, globalization, and complex social challenges, the legal profession must continue to uphold justice, equality, and human dignity. He urged young law students to view the law not merely as a career but as a public trust, grounded in ethical practice and service to the people.

He further highlighted that Dr. B.R. Ambedkar's ideals — liberty, equality, and fraternity — remain the guiding pillars of India's democracy, and law students carry a special responsibility in preserving these values through informed reasoning, advocacy, and civic engagement.

On behalf of the Telangana Council of Higher Education, Prof. Reddy conveyed his appreciation to the management and faculty of the College for fostering a vibrant legal academic culture, and extended his best wishes to all participants for their success.

Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education, addressed students and dignitaries at the "VIDHWATA" Law Fest organized by Dr. B.R. Ambedkar Law College, Hyderabad.

TGCHE Chairman Launches International Journal Special Issue of GDC, Gambhiraopet

The Chairman, Telangana Council of Higher Education (TGCHE), Prof. V. Balakista Reddy, in the august presence of Prof. E. Purushotham, Vice-Chairman–I and Prof. S.K. Mahmood, Vice-Chairman–II, and Prof. Sriram Venkatesh Secretary launched the International Journal Special Issue (IJRAR, ISSN; Impact Factor: 9.47, formerly UGC-CARE listed**) of the Government Degree College (GDC), Gambhiraopet, at the TGCHE Office, Hyderabad on 14.10.2025.

The Special Issue, edited by Prof. V. Vijaya Lakshmi, Principal, GDC Gambhiraopet, along with Dr. E. Ram Bhaskar Raju and Dr. T. Ugandhar, Associate Professors, Kakatiya Government College (A), Hanamkonda, and Dr. J. Sravan Kumar, Assistant Professor of Mathematics, GDC Gambhiraopet, as the Organising Secretary, features 40 high-quality research papers adhering to international publication ethics and standards.

While releasing Prof. V. Balakista Reddy emphasized that in today's rapidly evolving academic landscape, Generative AI stands as a transformative force redefining the way we teach, learn, and innovate. He further noted that Generative AI not only assists in content creation and research synthesis but also plays a crucial role in enhancing accessibility, bridging learning gaps, and promoting multidisciplinary collaboration. However, he also stressed the need for ethical governance, digital literacy, and responsible use of AI tools within educational ecosystems to ensure that technology complements rather than replaces human intelligence and creativity.

The Chairman lauded the efforts of Principal Prof. V. Vijayalakshmi and the editorial team for successfully publishing the International Journal Special Issue with a commendable impact factor and global reach. He further reiterated TGCHE's commitment to extending continuous support to all Higher Educational Institutions (HEIs) across the State to come forward with research-based paper presentations in national and international conferences.

Chairman, TGCHE at the CII EDU Summit 2025

The Chairman, Telangana Council of Higher Education (TGCHE), **Prof. V. Balakista Reddy**, addressed the **EDU Summit 2025**, convened by the **Confederation of Indian Industry (CII),** on the theme *"Future of Work: Skills, Mindset, Impact "* **on 16.10.2025.**

The summit brought together leaders from **academia, industry, and government** to deliberate on how education systems must evolve to meet the demands of a rapidly changing world. Prof. Reddy's keynote address captured the spirit of transformation sweeping across higher education and its alignment with the future of work in India and beyond.

1. The New Landscape of Work and Learning

Prof. Reddy observed that the nature of work is undergoing an unprecedented transformation. The future workplace, he noted, will be defined **not by job titles but by skills, adaptability, and lifelong learning.**

Citing international studies, he pointed out that nearly **50 percent of existing jobs will require reskilling or upskilling by 2030,** underscoring the urgent need to rethink both the what and the how of learning. The emerging workforce, he said, must be equipped not only with technical skills but also with the **ability to think critically, collaborate effectively, and innovate ethically.**

"Our task is not merely to produce graduates, but to nurture **future-ready professionals** who can thrive in an environment of constant change," he remarked.

He emphasized that higher education institutions must become **ecosystems of innovation and curiosity,** preparing students to navigate an unpredictable global economy with confidence and creativity.

2. Telangana's Vision: From Education to Employability

Under the visionary leadership of the Government of Telangana, the Telangana Council of Higher **Education has launched a comprehensive mission to align education with employability,** driven by **innovation, inclusivity, and industry collaboration.**

Prof. Reddy outlined several flagship initiatives of TGCHE designed to bridge the gap between classroom learning and workplace relevance:

- **Skill Development and Internships:** In collaboration with industry bodies such as **CII, TASK, and BDMAI, TGCHE** is promoting campus placement drives, structured internship programmes, and **apprenticeship-based learning** models across universities and colleges.

- **Curriculum Reform:** The Council has initiated the integration of **Artificial Intelligence, Data Science, Renewable Energy, Digital Commerce, and Entrepreneurship** into higher education curricula, ensuring that students acquire future-oriented competencies.

- **Internationalization:** Through **MoUs with foreign universities and research institutions,** TGCHE is facilitating cross-cultural learning, student exchange programmes, and international collaborations.

- **TGCHE Vision 2047:** Envisioning Telangana as a **knowledge-driven and innovation-led hub of higher education,** the Council's long-term roadmap emphasizes **skills, startups, and sustainability** as key pillars for the next two decades.

"Our goal is to make Telangana a model state where education translates into employability and empowerment," Prof. Reddy affirmed.

3. The Mindset Revolution

Moving beyond the focus on technical competencies, Prof. Reddy stressed that **mindset is the true differentiator** in the 21st-century world of work. The future, he said, belongs to individuals who embrace curiosity, resilience, and empathy.

He called for cultivating a **growth mindset** that celebrates learning from failure and adapting to change. He further highlighted the need to replace **rote learning** with **experiential education,** encouraging the establishment of **innovation labs, incubation centres, and community-based projects** across campuses.

Education, he emphasized, must foster:

- **Critical and design thinking**
- **Empathy and emotional intelligence**
- **Adaptability to technology and diversity**

Such an approach, he said, will not only enhance employability but also instil a sense of social responsibility among students — shaping them into creative, compassionate, and ethical citizens.

4. The Impact We Seek

Prof. Reddy underlined that the success of education cannot be measured merely by the number of degrees awarded, but by the **lives transformed and opportunities created.**

He reiterated that higher education must ensure **equitable access to quality learning and employable skills** for every student — whether studying in a metropolitan university or a rural degree college.

Education, he said, must become a **vehicle of inclusion, sustainability, and human dignity** — empowering every learner to participate meaningfully in the economy and society.

5. The Way Forward: Collaborative Innovation

Concluding his address, Prof. Reddy emphasized that the **future of work is not a solitary journey;** it demands the **synergy of Government, Academia, and Industry.**

He invited CII and other industry partners to work closely with TGCHE in the following areas:

- **Establishing Industry-Integrated Learning Hubs** in state universities to strengthen the academia-industry interface.

- **Designing co-branded skill certifications** aligned with emerging economic sectors such as clean energy, digital finance, and advanced manufacturing.

- **Launching Faculty Immersion Programmes** to help educators stay abreast of technological and industrial innovations.

"Together, we can make Telangana a leader in education-employment integration — a model for the rest of India," he asserted.

6. Conclusion: Empowering the Human Potential

Prof. Reddy closed his keynote address with a powerful message:

"The real challenge before us is not automation replacing humans, but ensuring that humans rise to their fullest potential."

His remarks resonated deeply with the summit participants, inspiring a renewed commitment to **skill-based, value-driven, and inclusive education** that will define the future of Telangana's higher education landscape.

Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education, addressing the CII EDU Summit 2025 on the theme 'Future of Work: Skills, Mindset, Impact'

Chairman, TGCHE at the International Conference on Global Tourism: New Avenues for Sustainable Development

The **Chairman, Telangana Council of Higher Education (TGCHE), Prof. V. Balakista Reddy,** attended the International Conference on "Global Tourism: New Avenues for Sustainable Development" organized by the **Department of Commerce, Osmania University, Hyderabad,** as the **Guest of Honour on 16.10.2025.**

The conference brought together **academicians, tourism professionals, policy experts, and students** to discuss the transformative potential of sustainable tourism in the global and Indian context. In his address, Prof. Reddy reflected on the evolving tourism landscape, the opportunities it offers for inclusive development, and the pivotal role of higher education in shaping a responsible and resilient tourism economy.

1. The Changing Landscape of Global Tourism

Prof. Reddy began by highlighting that **tourism is one of the world's largest economic sectors,** contributing nearly **10% of global GDP** and supporting one **in every ten jobs** across the world. Despite the disruption caused by the COVID-19 pandemic, the global tourism industry has demonstrated exceptional resilience and revival.

According to the **UN World Tourism Organization (UNWTO),** international tourist arrivals reached **1.3 billion in 2023**, marking a **33% increase over 2022**, with global tourism receipts amounting to around **US$ 1.5 trillion**, nearing pre-pandemic levels.

India too has witnessed a strong resurgence:

- **18.89 million international tourist arrivals** in 2023 — surpassing the pre-pandemic figure of 17.9 million.

- Over **2.5 billion domestic tourist visits,** reflecting a **45% growth** compared to 2022.

- The travel and tourism sector's contribution to India's GDP stood at **₹19.13 trillion**, providing employment to over **43 million people.**

"These numbers reaffirm that tourism is not just an economic driver but also a catalyst for social inclusion, cultural exchange, and regional development," Prof. Reddy observed.

He also cautioned that **uncontrolled tourism can strain ecosystems, erode heritage, and disrupt local livelihoods**, calling for a shift towards responsible and sustainable growth.

2. Telangana's Emerging Tourism Landscape

Prof. Reddy spotlighted **Telangana's remarkable potential** as a tourism destination — a state endowed with a unique blend of **heritage, nature, culture, and innovation.**

He referred to the **Telangana Tourism Policy 2025–2030**, which envisions transforming the state into one of India's most sought-after tourism destinations, focusing on **heritage, culture, eco-tourism, wellness, and rural tourism.**

Key highlights of the policy include:

- Attracting **₹15,000 crore in new tourism investments** within five years;

- Creating **three lakh new jobs** in tourism-linked sectors;

- Developing **27 Special Tourism Areas (STAs)** with integrated master plans;

- Promoting **public–private partnerships** and eco-tourism circuits connecting natural and cultural assets;

- Positioning Telangana among the top **five Indian states** for tourist arrivals.

From **Hyderabad's heritage monuments and culinary traditions to Warangal's Kakatiya legacy, Ramagundam's forest trails, and Nagarjunasagar's eco-parks,** the state's diversity offers immense scope for sustainable tourism. He also commended recent initiatives such as the **Gadhpur Jungle Safari** and new **eco-tourism parks** being developed across forest zones, which merge conservation with livelihood opportunities.

3. The Road Ahead: Education, Skills, and Policy Synergy

As Chairman of TGCHE, Prof. Reddy underscored the **central role of higher education** in nurturing a generation of professionals who understand and implement sustainability in tourism.

He outlined five strategic directions:

- **Curriculum Reform:** Universities must integrate **tourism management, environmental studies, heritage conservation, and entrepreneurship** into interdisciplinary programmes. "Students must learn not only how to promote tourism, but how to preserve what makes it valuable," he said.

- **Skill Development:** TGCHE is working with **CII, TASK, and industry partners** to promote **internships, apprenticeships, and entrepreneurship training.** He emphasized that tourism offers diverse careers — from **hospitality and digital marketing to eco-guiding and craft-based enterprises.**

- **Community Engagement:** Prof. Reddy encouraged institutions to adopt **villages or heritage sites as living laboratories**, where students can implement sustainable tourism models and work with local artisans.

- **Research and Innovation:** He proposed the establishment of **Tourism Research Centres and State Tourism Observatories** to monitor trends, assess impacts, and use AI-based tools for real-time analysis.

- **Collaborations and Partnerships:** He called for **stronger government–academia–industry partnerships** to promote smart tourism, green infrastructure, and heritage conservation. He also emphasized collaboration under **UNWTO, G20 Tourism Track, and Global South–South Partnerships** for knowledge sharing.

4. Vision for Sustainable Impact

Looking to the future, Prof. Reddy envisioned **Telangana's tourism landscape in 2035** — one that is inclusive, sustainable, and community-driven. He described a future where:

- Tourists explore **rural eco-villages and tribal hamlets** alongside iconic urban attractions;

- **Local youth** lead eco-treks, craft tours, and wellness retreats;

- **Heritage monuments** are managed through community participation;

- **Renewable energy** powers hotels, transport, and tourism facilities;

- Tourism becomes a pillar of both **state GDP** and **local well-being,** without compromising ecological balance.

"This vision is achievable if we combine education, policy, innovation, and empathy," he emphasized, quoting Mahatma Gandhi: "The future depends on what we do in the present."

5. Conclusion: Tourism with Purpose

In conclusion, Prof. Reddy reaffirmed that **tourism is not just about destinations — it is about people, purpose, and preservation.** He described tourism as a bridge between **the local and the global, nature and economy, past and future** — and urged educators, policymakers, and entrepreneurs to ensure that this bridge remains strong, inclusive, and sustainable.

Commending the **Department of Commerce, Osmania University,** for organizing the international conference, he lauded the academic fraternity for advancing dialogue on sustainable tourism and inspiring young scholars to contribute to global development goals.

"Let us make global tourism a true force for sustainability — where every journey enriches not just the traveller, but also the planet and its people."

Japanese-Style Physical Fitness and Digital Innovation: Strengthening the Future of Holistic Education in Telangana

The **Chairman, Telangana Council of Higher Education (TGCHE),** graced the Programme on "Japanese-Style Physical Fitness Testing and Digital Application" as the **Chief Guest on 17.10.2025,** in the presence of eminent dignitaries from Japan and India, academic leaders, faculty members, and students.

Organized as a collaborative initiative between experts in **sports science, physical education, and digital innovation,** the event aimed to introduce the Japanese approach to fitness assessment and explore how technology can transform physical literacy among youth.

In his inspiring keynote address, the Chairman commended the organizers for their visionary efforts in integrating **fitness, technology, and education** — a combination he described as "essential for nurturing disciplined, confident, and future-ready citizens."

Japanese Philosophy of Fitness and Discipline

The Chairman highlighted that Japan's fitness culture is rooted not merely in physical strength, but in **discipline, precision, and mindfulness** — values deeply embedded in Japanese society. He explained that the **Japanese-style physical fitness testing** is a comprehensive framework that measures **flexibility, coordination, posture, stamina, and mental focus,** often supported by digital analytics and real-time tracking.

He observed that this system reflects a holistic philosophy:

"A healthy body and a disciplined mind together form the foundation of a strong and resilient nation."

Drawing inspiration from this model, the Chairman emphasized the need to cultivate

similar values among students in Telangana — encouraging them to see fitness not as a competitive pursuit, but as a lifelong practice of balance, endurance, and well-being.

Integrating Fitness and Education: A Vision under NEP 2020

Reiterating the spirit of the **National Education Policy (NEP) 2020,** the Chairman said that **sports, fitness, and well-being are integral components of holistic education.** He stated that learning must go beyond classrooms to nurture qualities such as **resilience, leadership, teamwork, and self-confidence.**

He further noted that by adopting **scientific fitness testing and digital applications,** higher education institutions can promote a culture of **self-assessment and accountability** among students. "Education without physical and emotional well-being remains incomplete," he remarked, calling on institutions to integrate sports science and health analytics into their academic ecosystem.

Technology and the Future of Health Monitoring

The Chairman highlighted how digital technologies are reshaping health and lifestyle worldwide. The increasing use of **wearable devices, AI-driven analytics, and digital fitness platforms** has opened new possibilities for **personalized health monitoring and preventive care.**

He proposed that incorporating such technologies in Telangana's colleges and universities can:

- Promote a **data-driven culture** of physical fitness;
- Encourage students to take **ownership of their health;**

- Enable institutions to **design targeted wellness and sports programmes;** and

- Foster a spirit of **continuous improvement and accountability.**

He described this convergence of **Japanese discipline, Indian innovation, and digital intelligence** as a promising model for shaping the future of higher education and youth development.

Telangana's Commitment to Youth and Sports Development

The Chairman reaffirmed the Government of Telangana's unwavering commitment to the **development of youth, sports, and physical literacy.** Under the leadership of the Hon'ble Chief Minister and Education Minister, several initiatives are being taken to strengthen **sports infrastructure, training facilities, and fitness awareness** among students across higher education institutions.

Through the Telangana Council of Higher Education, the state is actively promoting the integration of **sports science, digital fitness assessment, and wellness programmes** in universities and colleges. The Council envisions a generation of students who are not only academically accomplished but also **physically fit, emotionally balanced, and socially responsible.**

A Call for Holistic Living

In his concluding remarks, the Chairman urged the academic community to look beyond physical testing and embrace the **Japanese model as a philosophy of holistic living —** one that harmonizes **body, mind, and technology.**

"Let us inspire our students to pursue excellence not just in academics and careers, but in health, discipline, and personal well-being. Only a balanced individual can contribute meaningfully to a balanced society," he said.

The Chairman congratulated the organizers, partner institutions, and international collaborators for their vision and initiative in promoting this unique cross-cultural exchange. He expressed hope that the programme would serve as a **milestone in the integration of physical education and digital innovation** in Telangana's higher education landscape.

Chairman, TGCHE, interacting with Japanese delegates and highlighting the importance of discipline and digital innovation in physical education.

Celebrating 50 Years of Microbial Excellence: Chairman, TGCHE Highlights the Role of Science, Ethics, and Innovation

The **Chairman, Telangana Council of Higher Education (TGCHE),** graced the Golden Jubilee Commemoration International Conference on "Emerging Microbial Technologies for One Health" as **Chief Guest,** held at the **Department of Microbiology, University College of Science, Osmania University on 17.10.2025.**

In his inspiring address, the Chairman extended heartfelt congratulations to the Department for completing **50 years of academic excellence, research innovation, and societal contribution.** He described the Golden Jubilee milestone as "a proud reflection of Osmania University's enduring legacy in nurturing scientific inquiry and leadership in microbiological sciences."

The Chairman lauded the Department for its pivotal role in advancing **microbial research, public health awareness, and interdisciplinary collaborations** that continue to shape the future of biosciences in Telangana and beyond.

Nurturing Scientific Temper and Student Engagement

In his message to faculty and students, the Chairman emphasized that the **true legacy of a department lies not merely in publications, but in the minds it shapes and the curiosity it ignites.**

"Microbiology is not just a subject—it is a window into the unseen forces that sustain life and reveal the delicate balance of our planet," he remarked.

He encouraged teachers to inspire students to think beyond textbooks and to experience the microbial world through:

- Hands-on experiments and small-scale research projects,
- Citizen-science initiatives that connect theory to fieldwork, and
- Explorations of how microbes relate to climate change, food safety, and human health.

He urged institutions to transition from **rote learning to research-based learning, where classrooms become laboratories of inquiry,** and teachers act as **mentors who transform curiosity into discovery.**

Fostering Interdisciplinary Learning and Innovation

The Chairman underscored that modern microbiology transcends disciplinary boundaries, intersecting with **biotechnology, bioinformatics, nanoscience, and artificial intelligence.**

He suggested that teachers can broaden student perspectives by linking microbiology to:

- **Computer Science** – for genomic data analysis and AI-driven diagnostics,
- **Environmental Studies** – for microbial bioremediation and waste management,
- **Agricultural Sciences** – for developing biofertilizers and sustainable plant microbiomes, and
- **Health Sciences** – for studying zoonotic diseases and antimicrobial resistance.

He urged educators to promote **project-based, problem-solving learning models** that cultivate teamwork, creativity, and real-world problem-solving — essential skills for the next generation of scientists.

"The future belongs to those who can connect ideas across disciplines and apply knowledge to serve humanity," he observed.

Building Research Skills and Ethical Responsibility

Addressing the importance of responsible science, the Chairman highlighted that **scientific progress must be grounded in ethics, precision, and integrity.** He encouraged students to build strong fundamentals in **microbial techniques, biosafety, and laboratory ethics.**

He advised young researchers to actively participate in **workshops, internships, and collaborative projects** with premier national institutions such as **CCMB, IICT, NIN, and NIPER,** and to present their findings confidently in academic forums.

He reiterated TGCHE's commitment to promoting **faculty development, inter-university collaboration, and innovation-driven teaching practices,** encouraging faculty to utilize these platforms for both **personal and institutional advancement.**

The Role of 'One Health' and Microbial Awareness

Reflecting on the theme of the conference, the Chairman emphasized that the **One Health approach** beautifully encapsulates the essence of microbiology — recognizing the **inter connectedness of human, animal, and environmental health.**

He noted that teachers can use this concept to raise awareness about the dual nature of microbes — as both protectors and threats — and to discuss contemporary issues such as **emerging diseases, antimicrobial resistance, and climate-linked infections.**

"Microbiology reminds us that the smallest organisms can teach us the largest lessons about balance and coexistence," he said.

He encouraged educators to instill in students a **sense of responsibility towards sustainable science,** where innovation aligns with environmental and ethical considerations.

A Golden Milestone and a Forward Vision

In conclusion, the Chairman congratulated the **Department of Microbiology** and **Osmania University** for completing **five decades of pioneering research and teaching excellence.** He described the Golden Jubilee as both a celebration of the past and a call to the future — inspiring young scientists to work towards a **healthier, safer, and more sustainable world.**

"Science is not only about discovery — it is about responsibility," the Chairman concluded. "Let this Golden Jubilee spark new collaborations, ideas, and innovations that strengthen the One Health vision for human and the planet."

Chairman, Telangana Council of Higher Education, addressing the inaugural session of the Golden Jubilee Commemoration International Conference on "Emerging Microbial Technologies for One Health."

Chairman, TGCHE Presents One-Year Journey to Hon'ble Chief Minister Sri A. Revanth Reddy Garu — A Milestone Review of Higher Education Reforms in Telangana

Hon'ble Chief Minister of Telangana, Sri A. Revanth Reddy Garu, with Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE), on the occasion, released the "TGCHE Journey Book 2024–2025," highlighting the achievements and reforms in Telangana's higher education sector.

The **Chairman, Telangana Council of Higher Education (TGCHE)**, **Prof. V. Balakista Reddy,** attended the **High-Level Review Meeting on Higher Education** convened by the **Hon'ble Chief Minister of Telangana, Sri A. Revanth Reddy Garu,** at Secretariat on **17.10.2025.**

The meeting focused on reviewing the overall progress, reforms, and transformative initiatives undertaken in the higher education sector.

During the session, **Prof. V. Balakista Reddy** gave a detailed presentation on the **remarkable journey of TGCHE from October 2024 to October 2025,** highlighting the innovative initiatives and policy measures implemented under the visionary leadership and dynamic guidance of **Sri A. Revanth Reddy Garu,** Hon'ble Chief Minister of Telangana.

The Chairman briefed the Hon'ble Chief Minister on the **major achievements** of TGCHE during this period, including:

- **Implementation of the Telangana Council of Higher Education Act,** marking Telangana's independent legislative and administrative identity in higher education governance.
- **Comprehensive Undergraduate Curriculum Reforms (2025–26)** aligned with **UGC Circular dated 29.04.2025** and **NEP 2020,** incorporating value-added, skill-based, and experiential learning components.

- **Expansion of global collaborations** with reputed international universities and consulates from the UK, USA, Germany, Japan, and Australia, fostering academic and research partnerships.
- **Digital transformation** through a revamped TGCHE website, transparent DOST 2025 admissions process, and integration of student databases with ABC, APAAR, and DigiLocker platforms.
- **Promotion of Research and Employability,** including the launch of the Telangana Journal of Higher Education (TJHE), Mega Campus Placement Drive 2025, and a Special Scholarship Programme for Girl Students in collaboration with the Azim Premji Foundation.
- **Enhanced academic governance and accountability** through Vice-Chancellors' coordination meetings, committees for faculty recruitment, and improved regulatory mechanisms.

On this occasion, **Prof. V. Balakista Reddy** released the **"TGCHE Journey Book 2024–2025"**, a comprehensive compendium documenting the key milestones, achievements, and future roadmap of the Council. The publication reflects the collective efforts of universities, colleges, faculty members, and policymakers in building a **vibrant, globally competitive, and inclusive higher education ecosystem** in Telangana.

The **Hon'ble Chief Minister, Sri A. Revanth Reddy Garu,** appreciated the proactive initiatives of TGCHE and commended the Council for its dedicated efforts in promoting innovation, quality, employability, and internationalization in higher education. He emphasized that all educational reforms should align with the **Telangana Rising 2047 Vision,** making Telangana a national model for excellence in higher education and research.

Concluding the meeting, **Prof. V. Balakista Reddy** expressed heartfelt gratitude to the **Hon'ble Chief Minister** for his constant encouragement and support. He reaffirmed TGCHE's commitment to realizing the Chief Minister's vision of building a **"Happy Telangana and Healthy Telangana"** — a State where education serves as the cornerstone for opportunity, empowerment, and sustainable progress.

Message from the Chairman, TGCHE to brief the Press on Reforms of TGCHE

Good evening to all. I take this opportunity to express my sincere gratitude to the **Hon'ble Chief Minister of Telangana,** the **Department of Education,** officials from **TGCHE, Vice-Chancellors, faculty members**, and our partners in **media and academia** who have been integral to our journey this past year.

The period from **October 2024 to October 2025** marks a landmark phase in Telangana's higher education system — a year of **reforms, global partnerships, technological transformation, and student empowerment.**

Legislative Milestone: APSCHE to TGCHE

This year, a **historic transition** was achieved through the amendment of the Andhra Pradesh State Council of Higher Education Act, 1988, leading to the creation of the Telangana Council of Higher Education Act. This legislative reform symbolizes Telangana's **autonomous and forward-looking identity** in higher education governance.

Digital Transformation and Transparency

A revamped and interactive TGCHE website was launched, offering real-time updates, circulars, policy documents, and initiatives — reinforcing transparency, accountability, and digital accessibility for all stakeholders.

Academic–Industry Collaborations

TGCHE signed multiple **MoUs** with:

- **BDMAI, BFSI Sector Skill Council, NASSCOM, T-SAT,** and the **University of San Diego,** to bridge academic learning with industry needs, promote innovation, and enhance employability.

Research and Knowledge Initiatives

- **Telangana Journal of Higher Education (TJHE)** and the **TGCHE Newsletter** were launched to document best practices, policy updates, and academic research.

- A **Google Feedback Portal** was introduced to strengthen participatory governance and stakeholder feedback mechanisms.

Internships, Placements, and Gender Equity

- A **State-Level Internship Programme** was launched, connecting universities with leading industries.

- The **Mega Campus Placement Drive** 2025 at Palamuru University enabled hundreds of students to secure employment.

- **A Special Scholarship for Girl Students,** in collaboration with the **Azim Premji Foundation**, has benefited **15,630 applicants,** empowering women in higher education.
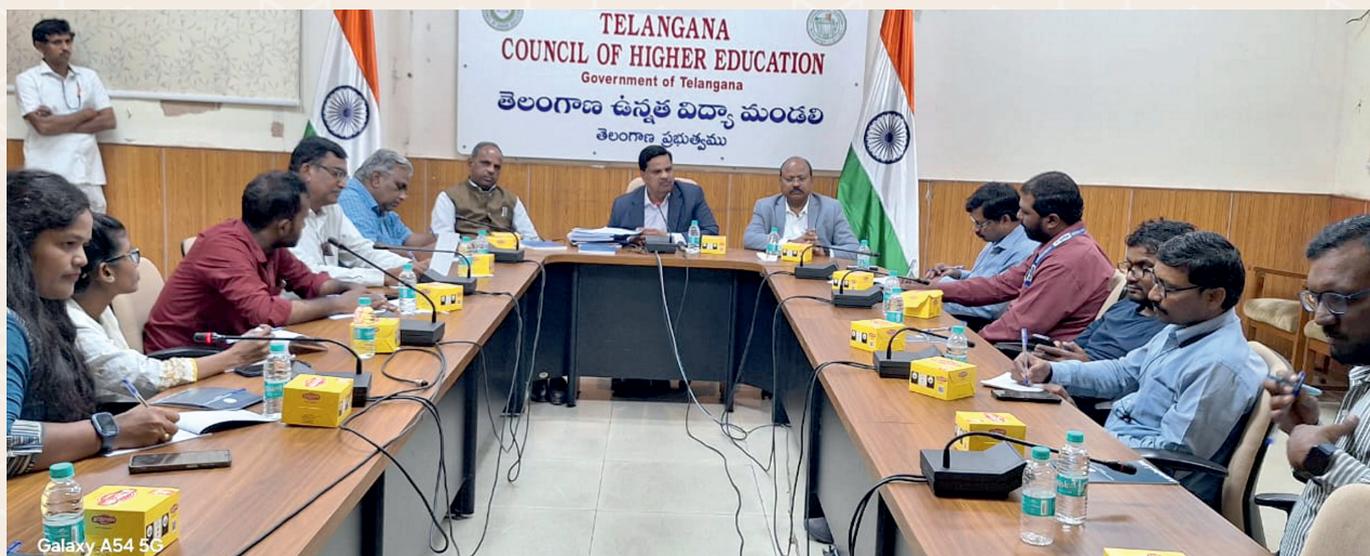

Chairman, TGCHE, Prof. V. Balakista Reddy, briefing media personnel about academic reforms, international collaborations, and future plans under Telangana Rising 2047.

Global Engagement and Internationalization

Telangana emerged as a **global hub for higher education partnerships,** with engagements involving:

- **British Council, University of Birmingham, and UK Deputy High Commission**

- **University of California, Berkeley,** and **University of San Diego (USD)**

- **German Indo-Euro Synchronization Delegation**

- **Australian Institute of Advanced Technologies, CRISP, and FICCI**

- **Meetings with Japanese, Australian, UK, and US diplomats**

These initiatives strengthen **academic mobility, research collaboration,** and **international visibility** of Telangana's universities.

Curriculum Reforms for Future-Ready Learning

Following the **UGC Circular dated 29 April 2025,** TGCHE implemented comprehensive **UG Curriculum Reforms (2025–26)** across disciplines, introducing:

- Reduction of credits from 150 → 142

- **Value-Added and Skill Enhancement Courses** (environment, cybersecurity, entrepreneurship)

- Enhanced **English proficiency and employability skills**

- Introduction of **ten new Law subjects** (Cyber Law, Competition Law, Technology Law, etc.)

These reforms align with **NEP 2020** and the **National Credit Framework (NCrF)** to promote multidisciplinary, student-centric learning.

Academic Governance and Coordination

Regular **Vice-Chancellors' Review Meetings** were held to ensure uniformity and accountability. Key initiatives include:

- Synchronization of academic calendars

- Facial Recognition-Based Attendance (FRBA)

- Integration with **APAAR / ABC / DigiLocker**

- Strengthened **student assessment reforms**

- Introduction of **0.5% Sports Quota** for PG admissions (CPGET 2025)

Successful Conduct of CETs & DOST 2025

TGCHE coordinated all **Common Entrance Tests** (CETs) with enhanced transparency and QR-coded hall tickets.

Under **DOST 2025,**

- **2,05,140 students** were admitted across **969 colleges,** out of a sanctioned 4,40,107 seats.

- Special **spot admission rounds** ensured inclusivity and access.

Youth Empowerment & Women Leadership

Through leadership seminars, international collaborations, and the **World Skills Competition 2026,** TGCHE encouraged youth participation and global representation. Focused efforts promoted **women leadership in academia and gender-sensitive policy frameworks.**

Innovative Outreach & Social Awareness

Major outreach programs included:

- **Joint T-EAPCET awareness drives** with JNTUH & T-SAT
- **Anti-Drug Campaigns** across campuses
- **Online RTI awareness sessions**
- **Collaborations with Dr. Manmohan Singh Earth Sciences University**
- **Olympic Day Run participation** for holistic development

Green Campus and Social Responsibility

TGCHE supported **Green Campus Development**, funding eco-infrastructure initiatives at **Government Degree College, Jadcherla,** and other institutions promoting sustainability.

Policy Formulation & Governance Reforms

TGCHE played a key role in major policy measures, including:

- **G.O.Ms.No.3 to G.O.Ms.No.29 covering retirement age enhancement, reservations, new universities, law and engineering colleges, and fee fixation frameworks (2025–28).**
- Contribution to **Telangana Education Policy (TEP)** drafting process.

Committees for Academic and Regulatory Excellence

Under the leadership of **Prof. V. Balakista Reddy,** TGCHE constituted numerous committees to address student welfare, faculty recruitment, accreditation, and regulatory compliance. Reports from committees on **RGUKT Expansion, New Universities, Faculty Recruitment Modalities, Fee Reimbursement, and Ph.D. Recognition were successfully submitted.**

Financial Support to Institutions

TGCHE sanctioned **₹41,05,000/- to 48 institutions** for conducting seminars, conferences, FDPs, and research symposia focused on **AI, sustainability, gender equality, entrepreneurship, and digital transformation.**

Field Visits and Institutional Inspections

- **Study Visit to Nagarkurnool and CLR College of Education, Telkapally**
- **75 Days of In-Charge Tenure at JNTU-Hyderabad, leading to:**
  - Clean & Green drives
  - Hostel inspections
  - Faculty recruitment & curriculum workshops
  - 24×7 Wi-Fi for rural students
  - Collaboration with TCS for digital skill training

Future Roadmap: Telangana Rising 2047

Looking ahead, TGCHE's vision is to align with **Telangana Rising 2047,** focusing on innovation, inclusivity, and prosperity through:

- **Regional Academic & Innovation Clusters**
- **AI-driven governance systems**
- **Specialised Educational Economic Zone (SEEZ)** in Hyderabad
- **Technology Park with IIT Madras** for semiconductor research
- Increasing **GER to 50% by 2030**
- **Scholarships for first-generation students**
- **Ensuring Top-100 ranking** for all State Universities by 2028
- **ISR+ framework** for water, health, and agriculture challenges

Towards a Happy and Healthy Telangana

All these initiatives are part of realizing the **Hon'ble Chief Minister's vision** of a Happy Telangana and a Healthy Telangana.

TGCHE is dedicated to building a knowledge-driven, globally competitive, and socially inclusive higher education ecosystem that ensures opportunity, well-being, and prosperity for every student in the State.

TGCHE at the Cohort Leadership Conclave 2025

Chairman, TGCHE addressing participants at T-Hub

The Cohort Leadership Conclave 2025, held at the iconic T-Hub in Hyderabad, brought together a distinguished gathering of industry leaders, academic visionaries, innovators, and policymakers to deliberate on the future of leadership, technology, and learning in the digital era on **19th October 2025.**

Representing the Telangana Council of Higher Education (TGCHE), the Chairman addressed the gathering and emphasized the state's dynamic role in shaping a future-ready, inclusive, and globally competitive higher education ecosystem.

Telangana: A Model of Innovation and Collaboration

Telangana continues to stand as a national model for innovation-driven governance and collaborative growth. Institutions such as T-Hub, TASK, and T-Works have been instrumental in nurturing entrepreneurship and facilitating technology-led learning among youth.

"Under the visionary leadership of our Government, Telangana has witnessed a seamless partnership between academia, industry, and government — driving transformation across all sectors," the Chairman observed.

TGCHE is actively aligning higher education with emerging technologies and global trends, focusing on:

- AI-enabled learning and digital skilling
- Reimagined curriculum frameworks
- Industry-academia partnerships
- Applied research and innovation

AI and Leadership in the Age of Disruption

The conclave's theme — Leadership, Technology, and Emerging Disruptions — resonated deeply with TGCHE's mission.

The Chairman noted that Artificial Intelligence, Data Science, and Automation are transforming not only workplaces but also education itself.

"Leadership today is not about control, but about collaboration, creativity, and continuous learning," he emphasized.

He also underscored the importance of ethical AI, data responsibility, and human-centered innovation, asserting that these principles must remain at the core of technological progress.

Academia–Industry Synergy for Future Leadership

Highlighting TGCHE's initiatives to bridge academia and industry, the Chairman shared key focus areas:

- Integrating internships and apprenticeships into degree programmes
- Establishing Centres of Excellence in AI, Cybersecurity, and Sustainability
- Encouraging faculty-industry immersion
- Fostering an entrepreneurial culture among students

He reiterated that education must go beyond degrees to prepare learners for lifelong learning, equipping them with skills, values, and resilience to thrive in a fast-changing world.

Vision 2047: Toward a Globally Networked Higher Education System

Looking ahead to 2047 — the centenary of India's independence — the Chairman articulated Telangana's vision of a globally connected higher education ecosystem that produces leaders who are:

- Technologically skilled
- Socially conscious
- Globally competent

"As Telangana rises towards Vision 2047, let us design leadership models that combine technology, empathy, and vision — essential for building a sustainable and equitable future," he concluded.

The Cohort Leadership Conclave serves as a platform for educators, innovators, and corporate leaders to share insights on the evolving dynamics of work, learning, and leadership in the digital age.

The 2025 edition, hosted at T-Hub, reflected the spirit of Telangana's innovation ecosystem and its commitment to fostering collaboration, creativity, and collective growth.

Governance Diaries: Inspiring Young Citizens through Interactive Learning at Geethanjali College of Engineering & Technology

The Chairman, TGCHE, participated in an interactive session of "Governance Diaries"

The Telangana Council of Higher Education (TGCHE) continues to strengthen its outreach to students by promoting civic awareness, ethical leadership, and participatory governance. As part of this effort, the Chairman, TGCHE, participated in an interactive session of **"Governance Diaries"** organized on **dt. 22.10.2025** by the **Geethanjali College of Engineering and Technology,** under the initiative of the **National Service Scheme (NSS).**

The session brought together **principals, faculty members, NSS coordinators, and students,** creating a vibrant space for dialogue on governance, citizenship, and youth participation in nation-building. The Chairman appreciated the college for hosting this unique platform that connects classroom learning to the real-life functioning of governance systems.

In his address, the Chairman emphasized that **governance is not merely about administration or authority—it is about transparency, accountability, ethical decision-making, and citizen engagement.** He noted that effective governance depends on how institutions respond to the needs of the people, ensure fairness, and uphold integrity at every level.

Making the session lively and participatory, the Chairman engaged the students through a series of interactive questions.

He began by asking, "Have you ever thought about how a citizen's grievance reaches the government?" Students responded enthusiastically, reflecting on digital grievance portals that have made redressal processes more transparent and efficient.

He then moved to the concept of participatory governance, asking, "How many of you think citizens should have a say in how local development budgets are spent?" Students quickly related it to real-world issues, recognizing that community participation ensures that decisions reflect people's genuine needs.

The discussion also touched upon the challenges faced by administrators during public health campaigns such as vaccination drives, emphasizing that governance succeeds when **planning, coordination, and ethical execution** come together.

Highlighting the role of technology, the Chairman asked students how digital tools—such as data analytics, mobile apps, or online feedback systems—can make governance more effective. He cautioned, however, that **technology must always be guided by ethics, transparency, and public trust.**

Encouraging innovative thinking, he invited students to imagine themselves as local government members and propose ideas to improve education or healthcare. Students responded with creative suggestions, showcasing their understanding of policy and empathy toward community welfare.

In his closing remarks, the Chairman reminded the audience that **good governance begins with responsible citizenship.** Even without holding formal power, young people can contribute through awareness, volunteerism, social innovation, and constructive participation. He commended the NSS Unit and the college management for nurturing civic responsibility and leadership qualities among students.

The session concluded with an engaging exchange of ideas and reflections from the participants. It served as a powerful reminder that governance is not confined to institutions—it is a collective effort, rooted in values, vision, and the active participation of every citizen.

Through initiatives like "Governance Diaries," TGCHE reaffirms its commitment to **empowering youth with the knowledge, ethics, and civic values** necessary for building a transparent, accountable, and progressive society.

TGCHE Chairman Highlights the Transformative Role of Legal Education at Islamia College of Law Orientation Programme

TGCHE Chairman Emphasizes Role of Law in Building an Ethical and Progressive Society

The Chairman, Telangana Council of Higher Education (TGCHE), attended the **Orientation Programme of Islamia College of Law, Hyderabad,** as the **Guest of Honour on dt. 23.10.2025** and addressed the gathering comprising the Principal, faculty members, distinguished guests, and newly admitted law students.

Law — The Framework of Civilization and Justice

In his inspiring address, the Chairman congratulated the new entrants and emphasized that the study of law is not merely an academic pursuit but a journey toward understanding society itself. He noted that law serves as "the foundation of civilization, the framework of democracy, and the guardian of liberty."

He reminded students that by choosing the field of law, they are accepting a profound responsibility — to **uphold justice, defend truth, and serve the public good.** Orientation programmes, he said, mark the beginning of this noble journey, where young minds start to shape their professional identity grounded in ethics, fairness, and service.

Evolving Landscape of Legal Education

The Chairman highlighted that **legal education in India is undergoing a period of significant**

transformation under the joint initiatives of the **Bar Council of India (BCI) and the University Grants Commission (UGC).**

He outlined major reforms and emerging trends shaping the future of legal education:

1.**National Legal Education Policy (NLEP)** under consideration, emphasizing **interdisciplinary learning, ethical lawyering, and technology integration.**

2.Adoption of **blended and digital learning** — including virtual courtrooms, e-moot court simulations, and online legal research platforms.

3.Rising focus on **Alternative Dispute Resolution (ADR), Cyber Law,** Environmental Law, and **Intellectual Property Rights (IPR)** — areas critical to modern legal practice.

4.Strengthening of **internships** and **clinical legal education**, ensuring law graduates are professionally ready and socially conscious.

He observed that such reforms are making Indian legal education **globally relevant** and **practice-oriented,** preparing students for both national and international platforms.

Law, Technology, and Society

Speaking about the dynamic relationship between **law and technology,** the Chairman emphasized

that the legal profession today extends far beyond traditional courtroom practice.

He said that young lawyers must now understand **data privacy, cybersecurity, AI ethics, digital governance, and e-commerce law** — as these domains define justice and rights in the digital era.

He noted that **Telangana,** as one of India's most technology-driven states, provides a unique environment for aspiring lawyers to explore **interdisciplinary careers** — from **legal tech entrepreneurship and policy research to corporate compliance and cyber law consultancy.**

Role of Teachers and Institutions

Addressing the faculty, the Chairman commended the dedicated teachers of **Islamia College of Law** for their contribution to shaping future advocates, judges, policymakers, and reformers.

He emphasized that law teachers are not only educators but **mentors** who must nurture critical thinking, ethical reasoning, and constitutional values in students.

He urged institutions to strengthen **moot courts, legal aid clinics, and research centres** to link classroom learning with real-world justice delivery systems.

"Legal education must inspire both intellect and empathy — for justice without compassion is incomplete," he noted.

Message to the Students

To the newly inducted students, the Chairman offered words of guidance and inspiration:

- **Read the Constitution regularly** — it is the moral compass of the nation.
- **Respect the rule of law** — even when it tests one's conviction.
- **Let empathy guide your reasoning** — for true justice balances intellect with humanity.

He reminded students that law is both a **discipline and a calling,** one that challenges the mind but also empowers individuals to transform society.

Telangana's Vision for Legal and Higher Education

Linking his remarks to the larger vision of the state, the Chairman said that **Telangana's Vision 2047** and the implementation of **NEP 2020** aim to make higher education f**uture-ready, inclusive, and innovation-driven.** He stated that **legal education will play a key role** in building an equitable and transparent society, particularly as the state advances in governance, technology, and civic participation.

Conclusion

In conclusion, the Chairman congratulated the **Principal, faculty, and management of Islamia College of Law** for organizing a meaningful and inspiring orientation programme. He encouraged students to embrace the study of law with **discipline, empathy, and a sense of purpose,** reaffirming that TGCHE remains committed to supporting initiatives that integrate **academic excellence with ethical leadership.**

"Law is not just a profession; it is a promise — a promise to uphold justice, protect rights, and strengthen democracy," he said in his closing message.

TGCHE Chairman Interacts with Students on Emerging Opportunities in Aviation Law

The **Chairman, TGCHE,** attended an **online meeting on the Aviation Law Course** held on 24th October 2025 and interacted with students and faculty members pursuing or interested in this specialized field.

Understanding Aviation Law — A Growing Frontier

In his address, the Chairman provided a comprehensive overview of Aviation Law, emphasizing its growing importance in today's interconnected and technology-driven world. He explained that aviation law governs the operation, safety, and regulation of air transport, covering areas such as:

- **Civil aviation regulations and international conventions,**
- **Air safety and accident investigation frameworks,**
- **Passenger rights and airline liability,**
- **Airspace management and environmental standards, and**
- **Emerging issues in drone technology, cybersecurity, and AI in aviation.**

He noted that with India witnessing a rapid expansion in the aviation sector — new airports, private carriers, and drone-based services — the **demand for legal professionals with domain expertise in aviation law** is on the rise.

Aviation Law and Higher Education in Telangana

The Chairman highlighted that **TGCHE encourages the inclusion of specialized, industry-relevant courses** such as Aviation Law to help students align academic learning with contemporary professional opportunities. He said such niche programmes strengthen Telangana's higher education ecosystem by introducing **interdisciplinary and globally relevant learning modules** in collaboration with industry and regulatory bodies.

"Aviation law is not just about the skies — it's about safety, sovereignty, and sustainability. Students trained in this field will play a vital role in shaping India's aviation future," the Chairman remarked.

Guidance to Students

The Chairman urged students to explore **career opportunities in aviation law practice, including airline regulatory affairs, airport management, international organizations, and policy think tanks.**

He encouraged them to develop **strong analytical, communication, and research skills** to succeed in this evolving domain and to stay updated with global aviation standards under the International Civil Aviation Organization (ICAO) and DGCA regulations.

He also appreciated the efforts of participating institutions for introducing this forward-looking course and integrating it with the broader goals of **NEP 2020** and **Vision Telangana 2047** — focusing on innovation, employability, and global competence.

Conclusion

The session concluded with an interactive Q&A, where the Chairman addressed student queries related to aviation careers, international law frameworks, and regulatory developments. He reiterated **TGCHE's commitment** to promoting **specialized professional education** that bridges academia, industry, and governance — preparing students to meet the challenges of emerging sectors in India's expanding economy.

TGCHE Chairman Engages Students in Online Session on Aviation Law and Emerging Legal Careers

Empowering Women, Enriching Society: TGCHE Chairman Addresses Convocation at Villa Marie Degree College for Women

TGCHE Chairman Inspires Graduates at Villa Marie Convocation: "Empowering Women, Empowering the Nation"

The Chairman, Telangana Council of Higher Education (TGCHE), graced the **Convocation Ceremony of Villa Marie Degree College for Women, Hyderabad**, as the Guest of Honour **dt.25.10.2025.** Addressing the gathering comprising members of the Governing Body, Principal, faculty, parents, and graduates, the Chairman extended heartfelt congratulations to the graduating students and lauded the college's longstanding contribution to women's education and empowerment in Telangana.

Celebrating Women's Education

In his inspiring address, the Chairman emphasized that *education is the most powerful tool for transformation — and when it empowers women, it transforms entire communities.* Quoting Kofi Annan, he reminded the audience:

"There is no tool for development more effective than the empowerment of women."

He highlighted that women today constitute nearly **48% of total enrolment in higher education** as per the latest **AISHE Report**, and Telangana stands at the forefront of this progress with its strong commitment to women's education, leadership, and inclusion.

The Chairman praised **Villa Marie College** for being a beacon of empowerment, nurturing confidence, curiosity, and compassion among young women. He also acknowledged the tireless efforts of the faculty and the invaluable support of parents who stood behind every graduate's success.

Message to Graduates

Addressing the graduating students, the Chairman shared three guiding principles for their onward journey:

1. **Keep learning, keep evolving —** Adaptability and curiosity are keys to thriving in a changing world.

2. **Lead with empathy and conviction —** True leadership uplifts others and is rooted in integrity.

3. **Believe in your potential —** Every woman has the power to innovate, challenge stereotypes, and inspire change.

He urged students to embrace continuous learning and purposeful leadership, reminding them that "learning never ends, and leadership begins with purpose."

TGCHE's Commitment to Women's Empowerment

The Chairman reaffirmed **TGCHE's mission** to strengthen the higher education ecosystem through innovation, inclusivity, and excellence.

He outlined several ongoing initiatives of the Council:

- Integration of **digital learning and innovation** across all programmes,

- Establishment of **Centres of Excellence** in emerging areas like **AI, Cybersecurity, and Sustainability,**

- Promotion of **entrepreneurship and leadership opportunities for women**, and

- Strengthening **industry–academia collaborations** for employability and lifelong learning.

He reiterated that TGCHE is working to ensure that higher education in Telangana becomes *a force for equality, creativity, and collective progress.*

Quoting Dr. A.P.J. Abdul Kalam, he concluded:

"Empowerment of women leads to the development of a good family, good society, and ultimately a good nation."

A Vision for the Future

The Chairman congratulated the management, faculty, and the graduating class of **Villa Marie Degree College for Women,** urging the students to go forward with confidence, courage, and compassion.

During his address, the Chairman, TGCHE, inspired the students by quoting Shri Ratan Tata: *"A single minute will not change your life, but the utilization of every minute definitely will."* He emphasized the importance of time management and purposeful effort in shaping a successful future.

His message deeply motivated the youth to use every moment wisely for their personal and national growth.

He expressed optimism that the empowered graduates of today will become the leaders, innovators, and changemakers of tomorrow — carrying forward Telangana's vision of an equitable and enlightened society.

TGCHE Chairman Inspires Students at the Induction Day Programme 2025 of Keshava Memorial College of Law

TGCHE Chairman Addresses Induction Day at Keshava Memorial Society: "Education with Values Builds the Nation"

The Chairman, Telangana Council of Higher Education (TGCHE), attended the **Induction Day Programme – 2025 organized by the Keshava Memorial College of Law,** Hyderabad, as the **Guest of Honour on dt. 25.10.2025.** The event marked the beginning of a new academic journey for hundreds of enthusiastic students joining the Society's prestigious institutions.

Honouring a Legacy of Learning and Values

In his address, the Chairman congratulated the management, faculty, parents, and students, and lauded the Society's **long-standing legacy of excellence and ethics in education.**

He said that Keshava Memorial Society has, for several decades, been a beacon of value-based education — blending academic rigour with moral integrity and social responsibility.

The Chairman appreciated the Society's role in nurturing generations of students who have gone on to serve the nation as **professionals, educators, administrators, and entrepreneurs.**

Tribute to Justice L. Narasimha Reddy Garu

The Chairman expressed deep appreciation for the **visionary leadership of Justice L. Narasimha Reddy Garu,** President of Keshava Memorial Society, acknowledging his distinguished service in law, education, and public life. He described Justice Reddy Garu as a leader whose intellect, fairness, and integrity have strengthened institutions and inspired generations.

Justice L. Narasimha Reddy Garu — A Profile in Leadership

- **Distinguished Jurist:** Former Chief Justice of the Patna High Court, renowned for landmark judgments and constitutional insight.

- **Academic Scholar:** Holds degrees in Science and Law from Osmania University, embodying intellectual depth and discipline.

- **Public Service Leader:** Served as Executive Chairman of the A.P. State Legal Services Authority, advancing access to justice.

- **Educational Visionary:** Currently Chancellor of the University of Hyderabad, guiding higher education with innovation and ethics.

- **Institution Builder:** As President of Keshava Memorial Society, he champions the belief that "education and justice are the twin pillars of a progressive society."

Purpose of the Induction Programme

Addressing the newly admitted students, the Chairman said that **Induction Day** is not merely a formal ceremony — but the foundation of one's journey towards knowledge, self-discovery, and transformation. He emphasized that education must go beyond marks and degrees to focus on **curiosity, compassion, and integrity.**

"At TGCHE, we believe the true purpose of higher education is to nurture minds that think critically, act ethically, and serve responsibly," he remarked.

He urged students to make the most of their college years by developing intellectual strength, moral character, and a spirit of service to society.

Telangana's Higher Education Vision

Highlighting the state's progressive initiatives, the Chairman shared that **Telangana is fast emerging as a hub of innovation, research, and skill-based education.** The **TGCHE** is aligning its efforts with the **National Education Policy (NEP) 2020** and **Vision Telangana 2047** to create a higher education ecosystem that is:

- **Digitally enabled and globally connected,**
- **Inclusive and equitable,**
- **Research-driven and industry-linked, and**
- **Supportive of women and under represented communities.**

He also outlined TGCHE's focus areas:

- Strengthening **industry–academia collaboration** for employability,
- Expanding **AI-enabled digital learning,**
- Promoting **entrepreneurship and innovation** among youth, and
- Building **Centres of Excellence** in emerging disciplines.

Citing **Swami Vivekananda,** he said:

"We want that education by which character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet."

Conclusion

In conclusion, the Chairman congratulated **Justice L. Narasimha Reddy Garu,** the management, and faculty of Keshava Memorial Society for their **unwavering commitment to holistic and value-based education.** He welcomed the new students to a vibrant academic community that fosters **discipline, innovation, and social responsibility,** urging them to explore, question, grow, and contribute meaningfully to the progress of the state and the nation.

"May your years of learning be filled with discovery, purpose, and excellence," the Chairman said, extending his best wishes to the incoming batch.

TRSMA Collaborates with Telangana Council of Higher Education to Implement English Algorithm Programme for TRSMA Private Schools.

A delegation of the Telangana Recognised School Managements Association (TRSMA) met **Prof. V.Balakista Reddy,** Chairman, Telangana Council of Higher Education (TGCHE), and **Prof. Rajesh**, Project Director of the "English Algorithm" programme, at the TGCHE office today i.e. on dt.27.10.2025 to discuss collaborative implementation of the initiative across private schools in Telangana.

During the meeting, **Prof. V. Balakista Reddy** explained the vision of our Hon'ble Chief Minister garu and Minister for Education **Sri.A. Revanth Reddy garu** for Skill based learning with special emphasis on English language proficiency as a key skill for academic success, employability and competitive preparedness to the students. Based on the directions of Hon'ble Chief Minister garu, the Telangana Council of Higher Education has developed an innovative curriculum and methodology titled **"English Algorithm"**, aimed at enhancing students' communication skills in English. The programme focuses on **listening and speaking proficiency,** with structured exercises and digital learning content using artificial intelligence. Importantly, the programme is designed to be **accessible free of cost** to all interested students through the Telangana Higher Education Department's official website.

The **TRSMA delegation** expressed keen interest in adopting this programme across its member schools to strengthen English communication among students from early grades onwards. The team proposed to organize **teacher training sessions** to ensure effective implementation of the **"English Algorithm"** in TRSMA school classrooms.

In response, **Prof. V.Balakista Reddy** and **Prof. Rajesh** appreciated TRSMA's initiative and positively agreed to extend **training support** for teachers of TRSMA member schools. They emphasized that this collaboration would enable every private school student (34 lakhs) in Telangana to access and benefit from the English Algorithm platform free of cost.

The TRSMA delegation comprised **Mr. Sadula Madhusudhan,** State President; **Mr. N. Ramesh Rao,** General Secretary; **Mr. Polapally Sunder**, Nizamabad District President & TRSMA Election Commission Member; and **Mr. S. Srinivas Reddy**, Nirmal District President.

The collaboration between **TRSMA** and the **Telangana Council of Higher Education** marks a major step toward improving English language proficiency and communication skills among students. Through this partnership, the "English Algorithm" programme will be **implemented across 34 lakh** students studying in private schools throughout Telangana, beginning immediately.

TRSMA President **Mr. Sadula Madhusudhan** stated that this initiative aligns with TRSMA's vision to ensure quality and skill-based education for every child in Telangana. He added that the programme will bridge the gap between school and higher education standards and empower students with essential 21st-century communication skills.

Thirulabs India Proposes Cyber Security Centres of Excellence in Telangana Colleges

Mr. Ravi D. Katageri, Founder & CIO of **Thirulabs India Pvt. Ltd.**, met with **Prof. V. Balakista Reddy,** Chairman, **Telangana Council of Higher Education (TGCHE) on 27.10.2025**, and discussed an innovative proposal for establishing **Cyber Security Centres of Excellence (CoEs)** across engineering and higher educational institutions in Telangana.

The initiative, jointly supported by **Thirulabs India Pvt. Ltd.** and its global partner **ThIRU Labs Pty Ltd (Australia),** aims to provide **hands-on training and research exposure** to students in the rapidly expanding domain of **cyber security**. The programme is envisioned for rollout during the **academic year 2025–26.**

Objective of the Initiative

The proposed Cyber Security CoEs seek to create a **practical learning ecosystem** for students aspiring to build careers in information security. The key objectives include:

·Offering **industry-oriented cyber security training** with real-time exposure to **Zero Trust Architecture, AI-driven defence systems, and secure coding practices.**

·Conducting **practical sessions** in areas such as **network security, digital forensics, ethical hacking, cryptography, and penetration testing.**

·Encouraging **student innovation and problem-solving** through collaborative projects, competitions, and monthly hands-on sessions.

·Providing **paid internships and placement support** through Thirulabs' partnerships with **over 100 cyber security companies** across India and overseas.

·Building a **community of ethical cyber security professionals** capable of addressing global digital threats.

India's Growing Cybersecurity Landscape

The proposal cites national data highlighting that the **Indian Cyber Security Market**, valued at **USD 4.04 billion in 2024,** is projected to reach **USD 17.75 billion by 2033,** reflecting **a compound annual growth rate (CAGR) of 15.6 %.**

With rapid digital transformation across sectors — including finance, healthcare, manufacturing, and education — the need for skilled cybersecurity professionals has never been greater. Government initiatives such as the **National Cyber Security Policy (NCSP)** and **Cyber Swachhta Kendra** have further emphasized the importance of **capacity building and data protection** in the digital economy.

Facilities and Academic Support

Under the proposed model, the CoEs will be equipped with:

- **Dedicated laboratories** for hands-on practice and live simulations.
- **Software toolkits and study materials** curated by industry experts.
- **Weekly mentoring and interactive doubt-clearing sessions.**
- **Workshops, guest lectures, and technical fests** to promote collaborative learning.

Each participating institution will form a **core student team** guided by trained faculty mentors, supported by Thirulabs' technical staff.

Chairman's Perspective

Commenting on the proposal, **Prof. V. Balakista Reddy**, Chairman, TGCHE, stated:

"Cybersecurity is emerging as one of the most vital skill domains of our time. Establishing Centres of Excellence across Telangana's higher education institutions will empower our youth to become global professionals capable of protecting the digital infrastructure of tomorrow. This initiative reflects TGCHE's commitment to innovation, employability, and digital readiness under the vision of Telangana Rising 2047."

The Way Forward

The proposed collaboration represents a forward-looking partnership between **academia and industry,** aligning with **NEP 2020** priorities of experiential learning and skill-based education. By integrating **cybersecurity training within college curricula,** Telangana aims to build a generation of **technologically empowered and ethically responsible graduates** who can contribute to national and global digital safety.

Founder & CIO of Thirulabs India, Mr. Ravi D. Katageri, with Prof. V. Balakista Reddy, Chairman, TGCHE

Chairman, TGCHE, Inspires Graduates at Avinash College of Commerce

Prof. V. Balakista Reddy, Chairman, TGCHE, addressing the graduating students at Avinash College of Commerce, Hyderabad.

Prof. V. Balakista Reddy, Chairman, Telangana State Council of Higher Education (TGCHE), graced the Graduation Ceremony of Avinash College of Commerce as the Chief Guest on 30.10.2025. The event was attended by Sri Avinash Brahmadevara, Founder and Chairman of the institution, along with distinguished faculty members, proud parents, and an enthusiastic gathering of graduating students.

In his address, Prof. Reddy congratulated the management, faculty, and students of Avinash College of Commerce for their consistent pursuit of excellence and for positioning the institution as a beacon of commerce education in Telangana. With over 20,000 students and more than 1,000 faculty and staff members, the college has set new benchmarks in professional education and employability-driven learning.

Commerce Education — The Engine of India's Growth

Prof. Reddy emphasized that Commerce and Business Education form the backbone of India's fast-evolving economy. He noted that in an era marked by digital transformation, entrepreneurship, and innovation, commerce graduates are playing a crucial role as financial analysts, accountants, entrepreneurs, data managers, and policy professionals.

He highlighted Telangana's emergence as an educational and innovation hub, supported by forward-looking policies and student-centric digital initiatives of TGCHE. Referring to the Degree Online Services, Telangana (DOST), Prof. Reddy shared that Commerce continues to lead in undergraduate admissions, with over 85,000 students enrolled in B.Com programmes in the most recent academic year. He further pointed out that female students now constitute a slight majority in overall enrolments, signaling a positive shift toward gender balance and women's empowerment in higher education.

Avinash College — A Model Institution

Commending the institution's forward-thinking approach, Prof. Reddy appreciated Avinash College's industry-integrated programmes such as CA, CMA, CS, ACCA, and Data-Driven Commerce, which seamlessly blend traditional accounting principles with emerging areas like analytics, entrepreneurship, and digital finance.

He described the college as a model for other institutions, reflecting the true spirit of "Education for Empowerment." Its focus on employability, innovation, and entrepreneurship aligns with TGCHE's vision of preparing graduates for a dynamic global economy.

A Message to Graduates

Addressing the graduating students, Prof. Reddy remarked that the ceremony marked not an end but a new beginning of lifelong learning and contribution. He urged students to embrace values of integrity, humility, and social responsibility in their professional and personal lives.

Quoting Swami Vivekananda, he said —

"Arise, awake, and stop not till the goal is reached."

He encouraged students to let this spirit guide them as they pursue their dreams and contribute to building a prosperous, ethical, and self-reliant India.

Closing Remarks

Prof. Reddy congratulated the management and faculty of Avinash College of Commerce for nurturing a vibrant and innovative academic community and expressed appreciation to parents for their unwavering faith in education as the greatest investment in their children's future.

"Be the accountants of integrity, the entrepreneurs of change, and the leaders of tomorrow's economy," — Prof. V. Balakista Reddy, Chairman, TGCHE

The event concluded with a sense of pride and inspiration, celebrating both academic accomplishment and the promise of a bright, transformative future for Telangana's youth.

SCDD - Constitution of Committee for mobilization of finances for Fee-Reimbursement scheme of the Government-Orders – Issued.

SCHEDULED CASTE DEVELOPMENT (Edn.A1) DEPARTMENT

G.O.Ms.No. 19.   **Dated.28.10.2025.**

*****

ORDER:-

    During the interactions of the Deputy Chief Minister held with Federation of Associations of Telangana Higher Education Institutions (FATHI), at Praja Bhavan certain suggestions were rendered to improve the Higher Education System, and mobilise finances for Fee-Reimbursement Scheme, and setup dedicated institutional mechanism.

2.   Government after careful consideration and with a view to examine these suggestions hereby decides to constitute a committee with officials and representatives from FATHI, as follows:

1. Special Chief Secretary to Government, Welfare	-	Chairman
2. Principal Secretary to Government, Finance	-	Vice Chairman
3. Secretary, Education	-	Member
4. Secretary, SC Development Dept.,	-	Member
5. Secretary, BC Welfare Dept.,	-	Member
6. Secretary, Tribal Welfare Dept.,	-	Member
7. Secretary, Minority Welfare Dept.,	-	Member
8. Chairman, State Council of Higher Education	-	Member
9. Commissioner, SC Development Dept.,	-	Member/Convener
10. Prof. Kancha Ilaiah	-	Member
11. Prof. Kodanadaram	-	Member
12. Three (3) representatives from FATHI, as nominated by them	-	Members
13. Any other person of eminence as decided by Chairman		

3.   The terms reference of the Committee is as follows:-

    1. To study the self sustainable Fee Reimbursement scheme through the Trust Bank.

    2. Constructive & robust inputs, transparent and sustainable frame work for Rationalization of Fee Reimbursement Policy.

    3. To examine and give suitable suggestions for improving the Higher Education System.

4.   The Committee shall hold detail deliberations and examine suggestions and proposals and submit a report to government within a period of (3) months for taking further necessary action.

5.   This order issues with the concurrence of the Finance (SCSDF&STSDF) Department vide their U.O.No.2241/118/SCSDF/2025, Dt.25.09.2025.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF TELANGANA)

K.RAMAKRISHNA RAO
CHIEF SECRETARY TO GOVERNMENT

To
The Special Chief Secretary to Government, Welfare
The Principal Secretary to Government, Finance Department
The Secretary Education Department
The Secretary, SC Development Department
The Secretary, BC Welfare Department
The Secretary, Tribal Welfare Department
The Secretary, Minority Welfare Department

(P.T.O.)

Youth urged to take part in World Skill Competition

The skilled and talented youth of Telangana must participate in the World Skill Competition (WSC)-2026 in Shanghai and bring glory to the State and the country on a global stage, Telangana Council of Higher Education chairman V. Balakista Reddy said on Monday. The competitions include 63 skill categories, including cyber security, web technologies, additive manufacturing, IT network systems administration, electronics, brick laying, electrical installations, cooking, bakery, landscape gardening and others. Participation is through registration on 'www.skillindiadigital. gov.in'. Last date for registration is October 15.

TG higher education council conducts seminar on RTI

HANS NEWS SERVICE
NAGARKURNOOL

AN awareness seminar on the Right to Information (RTI) Act was organised on Sunday at the District SP Office. Telangana State Council of Higher Education Chairman Prof Balakista Reddy attended as the chief guest and explained in detail the importance and implementation of the RTI Act to police officers.

Speaking on the occasion, Prof Balakista said that the RTI Act plays a crucial role in promoting transparency in governance and helps build trust between citizens and government institutions. He reminded officers that it is their responsibility to provide accurate and timely information to the public as per the provisions of the Act.

District DSPs, CIs, SIs, and other police personnel participated in the seminar and clarified their doubts regarding RTI procedures. The officers noted that such awareness programmes enhance their understanding of the law and strengthen public relations.

TGCHE urges Telangana youth to register for World Skill Competition 2026

HANS NEWS SERVICE
HYDERABAD

PROF V. Balakista Reddy, Chairman of the Telangana Council of Higher Education (TGCHE), has called on the youth in Telangana to participate actively in the prestigious World Skill Competition 2026, scheduled to be held in Shanghai, China, in September next year.

Addressing the media on Monday, he described as the 'Olympics of Skills,' the World Skill Competition (WSC) is a world's largest vocational education and skills excellence event, bringing together talented youth from over 80 countries to compete across 63 skill categories. These include Cyber Security, Web Technologies, Additive Manufacturing, IT Network Systems Administration, Electronics, Brick Laying, Electrical Installations, Cooking, Bakery, and Landscape Gardening, among others.

He said the TGCHE is collaborating with the Department of Employment and Training, Government of Telangana, to disseminate information and facilitate registrations. The Department serves as the state-level nodal agency for organizing the Telangana State Skill Competition, while the Ministry of Skill Development and Entrepreneurship (MSDE), Government of India, oversees the national-level India Skill Competition.

Winners of the state-level contests will advance to the India Skill Competition, and national winners will represent India on the global stage in Shanghai. The eligibility criteria for participation are for 'General Skills,' candidates must be born on or after January 1, 2004, and for 'Advanced Skills,' candidates must be born on or after January 3, 2001.

Registrations are open exclusively through the Skill India Digital Portal (https://www.skillindiadigital.gov.in/home), with the deadline set for October 15, 2025.

Prof. Reddy emphasized that participation in WSC offers unparalleled exposure to international standards, mentorship from industry experts, and opportunities for scholarships and career advancement. "This is a golden opportunity for our youth to showcase their talent, bring pride to Telangana, and contribute to the vision of a Skilled India," he stated.

Selected candidates will receive training and support from Skill Experts and Industry Mentors, along with financial and infrastructural assistance from state and central agencies.

Institutions and industries are also encouraged to participate as Skill Partners or Sector Skill Councils to mentor and host local competitions. For more details, candidates can visit the websites of the Telangana Department of Employment and Training (https://employment.telangana.gov.in), MSDE (https://www.skillindia.gov.in), and the official World Skills Organization (https://worldskills.org).

TGCHE's roadmap to align with priorities Telangana Rising 2047

The transitioning from the APSCHE Act to the TGCHE Act, 1988, following the bifurcation of Andhra Pradesh, granted Telangana full autonomy over its higher education governance, enabling tailored academic, administrative, and financial decisions, says Prof V Balakista Reddy, Chairman, TGCHE

HANS NEWS SERVICE
HYDERABAD

IN a sweeping transformation of Telangana's higher education landscape, Professor V Balakista Reddy, Chairman of the Telangana State Council of Higher Education (TGCHE), outlined a series of landmark reforms aimed at aligning the State's academic ecosystem with the long-term vision of "Telangana Rising 2047."

Addressing the media on Saturday, Professor Reddy emphasised the significance of transitioning from the APSCHE Act to the TGCHE Act, 1988, following the bifurcation of Andhra Pradesh. This legal restructuring granted Telangana full autonomy over its higher education governance, enabling tailored academic, administrative, and financial decisions.

One of the most impactful developments was the revamp of the TGCHE website in November 2024.

The new portal, now multilingual and globally accessible, integrates real-time updates, grievance redressal, anti-ragging tools, and analytics dashboards. With over 1.7 million user interactions, it has become the digital backbone of academic transparency.

To bridge the gap between academia and industry, TGCHE signed MoUs with BDMAI, T-SAT, NASSCOM, and the University of San Diego, offering training in pharma, AI, FinTech, and virtual internships. Collaborations with IIT-Madras and global institutions have positioned Telangana as a hub for innovation and research.

Curriculum reforms were also introduced, reducing undergraduate credit loads and adding skill-based courses in cybersecurity, entrepreneurship, and legal studies. A Common Academic Calendar and facial recognition-based attendance systems have improved coordination across universities.

TGCHE's internship programme for 34 students in education governance, along with outreach campaigns like anti-drug drives and RTI awareness sessions, reflects its commitment to experiential learning and civic engagement.

With international partnerships, sustainability initiatives like the Green Campus at Jadcherla, and policy contributions including new universities and reservation frameworks, TGCHE is steering Telangana toward a globally competitive, inclusive, and digitally empowered academic future.

TGCHE Chairman unveils International journal on Generative AI in education

Hans News Service
Hyderabad

PROFESSOR V Balakista Reddy, Chairman of the Telangana Council of Higher Education (TGCHE), formally launched the Special Issue of the International Journal of Research and Analytical Reviews (IJRAR) at the TGCHE Office on Wednesday. The journal, which has an impressive impact factor of 9.47, was formerly listed under UGC-CARE and is published by Government Degree College (GDC), Gambhiraopet.

The Special Issue features 40 peer-reviewed research papers and adheres to international publication ethics and standards, reflecting the -

scholarly rigour of Telangana's higher education institutions.

Speaking at the event, Prof Reddy emphasised the transformative potential of Generative AI in reshaping teaching, learning, and research. He noted its ability to enhance content creation, bridge learning gaps, and foster interdisciplinary collaboration. However, he cautioned against overreliance, advocating for ethical governance, digital literacy, and responsible integration of AI tools in academia.

The launch ceremony was also graced by Vice-Chairmen Prof E Purushotham and Prof S K Mahmood, along with Secretary Prof Sriram Venkatesh.

TGCHE launches spl. journal issue with research papers

HYDERABAD

The Telangana Council of Higher Education (TGCHE), on Tuesday, launched a special issue of a journal published by the International Journal of Research and Analytical Reviews (IJRAR).

The special issue, featuring 40 research papers, was edited by V. Vijaya Lakshmi, principal, Government Degree College, Gambhiraopet, assistant professor (Mathematics) J. Sravan Kumar, assistant professor (English) E. Ram Bhaskar Raju, and T. Ugandhar of Kakatiya University. IJRAR is an online,

IJRAR is an online, multi-disciplinary, open-access publication based in Gujarat, and accepts papers from all over the world

multi-disciplinary, open-access publication in Gujarat, and accepts papers from all over the world at a publication charge. According to its official website, IJRAR is approved by the University Grants Commission and has an Impact Factor of 7.17. TGCHE Chairman V. Balakista Reddy lauded the team's efforts, and noted the trans-

formative force of Generative AI in the field of education, not only in content creation and research synthesis, but also in enhancing accessibility, bridging learning gaps, and promoting multi-disciplinary collaboration. He also stressed the need for ethical governance, digital literacy, and responsible use of AI tools within educational ecosystems to ensure that technology complements rather than supplant human intelligence and creativity. TGCHE Vice-Chairmen E. Purushotham and S.K. Mahmood, and Secretary Sriram Venkatesh were present.

Awareness Seminar on Right to Information Act Held at Jayaprakash Narayan Engineering College Mahabubnagar

Mahabubnagar October 11 (Press Media) As part of the RTI Week celebrations held from October 5 to 12, a special awareness seminar on the Right to Information (RTI) Act was organized at Jayaprakash Narayan Engineering College Mahabub-

nagar. Telangana State Council of Higher Education Chairman V. Balakista Reddy attended the event as the chief guest. Speaking on the occasion, V Balakista Reddy emphasized that every citizen should be aware of the provisions of the RTI Act. He

noted that the Indian Constitution is the world's largest constitution, encompassing numerous rights and responsibilities. He further stated that understanding both the RTI Act and the Indian Constitution is essential for all citizens, as the RTI Act serves as a

powerful tool for the common man to access information and ensure transparency. He also encouraged students to develop a questioning attitude, edge and understanding. College Chairman KS. Rankumar highlighted that awareness of laws and the Constitution is crucial for every citizen, adding that the RTI Act provides an opportunity to identify and correct flaws within the system. College Secretary V. Venkata rama Rao, Principal Dr. P. Krishnamurthy, Palamur Blood Bank Secretary Balayya, and others actively participated in this program.

TGCHE accelerates higher education reforms in TG

Continued from P1

Prof Reddy said his visit to IIT-Madras further opened avenues for joint incubation centres, research parks, and integration with national platforms like National Programme on Technology Enhanced Learning (NPTEL) and SWAYAM Plus (Swayam's upgraded, skill-focused platform that provides industry-tailored courses for professional development and employability). "These partnerships are not symbolic—they are building a robust pipeline of industry-ready graduates and positioning Telangana as a leader in academia-industry innovation," he said. In alignment with the state's long-term development blueprint, "Telangana Rising 2047", TGCHE has introduced several structural reforms. These include the enhancement of faculty superannuation age from 60 to 65, ensuring retention of experienced academic leadership; structured funding mechanisms for degree colleges to improve infrastructure and research capabilities; and the establishment of Research and Innovation Clusters (RICs) to foster collaboration between universities and state industries. Prof. Reddy emphasized that these steps reflect the government's commitment to inclusive, research-driven growth and ensure that higher education institutions become active partners in Telangana's economic and technological advancement.

TGCHE accelerates higher edn reforms in TG

VRC PHANIHARAN
HYDERABAD

THE Telangana Council of Higher Education (TGCHE) has intensified its efforts to transform the state's higher education landscape by launching a series of strategic reforms aimed at enhancing employability of students, strengthening academia-industry linkages, and aligning institutional growth with the state's long-term vision for development.

Speaking to 'The Hans India', Prof V Balakista Reddy, Chairman of TGCHE,

▶▶ **Focus on industry linkages, curriculum overhaul, and Vision 2047 integration, Prof Balakista Reddy tells** *The Hans India*

▶▶ **Says reforms are strategic interventions to prepare state's youth for leadership in competitive global knowledge economy**

outlined the council's recent initiatives and charted their impact on students, faculty, and institutions across Telangana. One of the council's key priorities has been bridging the gap between academic learning and industry requirements. Prof Reddy highlighted several high-impact Memorandums of Understanding (MoUs) signed with national and international partners.

These include the Bulk Drug Manufacturers Association of India (BDMAI), which will train students in pharmaceutical research and manufacturing; Telangana Skills, Academic and Train-

ing (T-SAT), which supports digital faculty development and certification; and the National Association of Software and Services Companies (NASSCOM), which has committed to upskilling one lakh learners annually in emerging fields such as Artificial Intelligence, FinTech, and cybersecurity. A landmark collaboration with the University of San Diego is also underway, offering global certification, joint research opportunities, and virtual internships for Telangana students.

Hyderabad, September 9, 2025:

MVSR Engineering College (Autonomous), under the aegis of the Matrusri Education Society,

---

ప్రపంచంతో పోటీ పడేలా
తెలంగాణ ఎడ్యుకేషన్ సిస్టమ్

◉ రాష్ట్ర ఉన్నత విద్యా మండలి
చైర్మన్ బాలకృష్ణారెడ్డి

ఎల్బీనగర్, వెలుగు: ప్రపంచంతో పోటీ పడేలా తెలంగాణ ప్రభుత్వం టెక్నాలజీ ఆధారిత కొత్త ఎడ్యుకేషన్ సిస్టమ్ ను రూపొందిస్తోందని రాష్ట్ర ఉన్నత విద్యా మండలి వైర్మన్ డాక్టర్ బాలకృష్ణారెడ్డి చెప్పారు. నూతన ఎడ్యుకేషన్ సిస్టం పాలసీ నివేదికను ఈ నెల 30 లోపు సీఎం రేవంత్ రెడ్డికి సమర్పించనున్నట్టు ఆయనతెలిపారు. రంగారెడ్డి జిల్లా నాదర్ గుల్ లోని ఎంఎస్ఆర్ ఇంజినీరింగ్ కాలేజీలో జరిగిన చైర్మన్ పీవీఆర్ కశ్యప్ ఆధ్వర్యంలో జరిగిన

గ్రాడ్యుయేషన్ డే కార్యక్రమానికి ఆయన గెస్ట్ గా హాజరయ్యారు. వివిధ విభాగాల్లో గోల్డ్ మెడల్స్ సాధించిన విద్యార్థులను సన్మానించి, సర్టిఫికెట్లు అందజేశారు. అనంతరం ఆయన మాట్లాడుతూ.. సీఎం రేవంత్ రెడ్డి ఆదేశాల మేరకు అంతర్జాతీయ ప్రమాణాలకు అనుగుణంగా కోర్సులు, సిలబస్, నూతన టెక్నాలజీని విద్యా వ్యవస్థలో ప్రవేశ పెడుతున్నామన్నారు. సైంటిస్ట్ పద్మశ్రీ డాక్టర్ ప్రఫుల్ల రామారావు, ఉస్మానియా యూనివర్సిటీ ఎగ్జామినేషన్ కంట్రోలర్ ప్రొఫెసర్ శశికాంత్ తదితరులు పాల్గొన్నారు.

ఘనంగా ఎంవీఎస్ఆర్ 2025 గ్రాడ్యుయేషన్ డే

బాలాపూర్ సెప్టెంబర్ 9 (నిఘా న్యూస్) నాదర్ గుల్ లోని మాత్రుశ్రీ ఎడ్యుకేషన్ సొసైటీ ఆధ్వర్యంలో ఎంవీఎస్ఆర్ ఇంజినీరింగ్ అటానమస్ కాలేజీ గ్రాడ్యుయేషన్ డే 2025 వేడుకలు కాలేజీ క్యాంపస్ లో ఘనంగా నిర్వహించారు. ఈ కార్యక్రమంలో ముఖ్య అతిథిగా పాల్గొన్న తెలంగాణ రాష్ట్ర ఉన్నత విద్యా మండలి అధ్యక్షులు ప్రొ వి బాలకృష్ణ రెడ్డి మాట్లాడుతూ నూతన ఆవిష్కరణలు, విద్యార్థులు తాము నేర్చుకున్న సాంకేతిక నైపుణ్యాన్ని వృత్తిపరమైన జీవితంలో ఉపయోగించుకోవాలని సూచించారు. గౌరవ అతిథులుగా పాల్గొన్న మాజీ టీఆర్ఆర్ డిఫ్ కంట్రోలర్, వద్మశ్రీ డా. ప్రఫుల్ల రామారావు రక్షణ రంగంలోని తన అనుభవాలను పంచుకున్నారు. విశ్వర్త్ శాస్త్రీయ విధాన, కఠిన పరిశ్రమతోనే ఉత్తమ ఫలితాలు వస్తాయని మరో అతిథి ఓయూ పరీక్షల నియంత్రణ అధికారి కే. శశికాంత్ అన్నారు. కార్యక్రమంలో విద్యార్థుల నృత్యాలు, సంగీతం సాంస్కృతిక కార్యక్రమాలు చూపరులను ఆకట్టుకున్నాయి. అనంతరం ఉత్తమ మార్కులు సాధించిన విద్యార్థులకు బహుమతులు, సర్టిఫికెట్లు, డిగ్రీ పట్టాలు ప్రదానం చేశారు. కాలేజీ యాజమాన్యం, సిబ్బంది విద్యార్థులకు ఉజ్వల భవిష్యత్తు ఉండాలని శుభాకాంక్షలు తెలియజేశారు. ఈ కార్యక్రమంలో చైర్మన్ పీవీ ఆర్ కశ్యప్, సెక్రటరీ పీ శ్రీనివాస్ రావు, ట్రెజరర్ సుధాకర్ జాంపడి, జాయింట్ సెక్రటరీ సూర్య ప్రభాకర్, సీనియర్ డీన్ లు సీపీ వర్మ, గ్రాడ్యుయేషన్ కో ఆర్డినేటర్ ప్రొఫెసర్లు, బోధనేతర సిబ్బంది, విద్యార్థుల తల్లిదండ్రులు పాల్గొన్నారు.

సాక్షి

ఘనంగా గ్రాడ్యుయేషన్ డే

ఇవుగోడ్, నాదర్‌గుల్‌లోని ఎంవీఎస్ఆర్ ఇంజినీరింగ్ కళాశాలలో మంగళవారం గ్రాడ్యుయేషన్ డే కార్యక్రమాన్ని ఘనంగా నిర్వహించారు. ముఖ్య అతిథిగా రాష్ట్ర ఉన్నత విద్యామండలి గౌరవ అధ్యక్షులు ప్రొ.వి.బాలకృష్ణరెడ్డి, అదితి ప్రముఖ, మాజీ టీఆర్ఆర్ డిఫ్ కంట్రోలర్, ఆనర్ డిఫెన్స్ స్పెషల్ సెక్రటరీ డాక్టర్ ప్రఫుల్ల రామారావు తదితరులు హాజరయ్యారు. ఈ సందర్భంగా వారు విద్యార్థులకు గ్రాడ్యుయేషన్ డిగ్రీ పట్టాలను, ఇతర ప్రతిభను కనబరిచిన విద్యార్థులకు పతకాలను అందజేశారు. కార్యక్రమంలో ఉన్నత విద్యామండలి నియంత్రణ అధికారి ప్రొ.శశికాంత్, ఎంవీఎస్ఆర్ కళాశాల చైర్మన్ పీవీఆర్ కశ్యప్, సెక్రటరీ డాక్టర్ శ్రీనివాస తదితరులు పాల్గొన్నారు.

విద్యార్థులకు డిగ్రీ పట్టాలు అందిస్తున్న అతిథులు

నవతెలంగాణ

ఇంజినీరింగ్ విద్యార్థులు పట్టుదలతో ఉన్నత శిఖరాలకు చేరుకోవాలి

ఘనంగా ఎంవీఎస్ఆర్ ఇంజినీరింగ్ కళాశాల 2025 గ్రాడ్యుయేషన్ డే వేడుకలు

నవతెలంగాణ–ఎల్‌బీనగర్
ఇవుగోడ్, నాదర్‌గుల్‌లోని ఎంవీఎస్ఆర్ ఇంజినీరింగ్ కళాశాలలో మంగళవారం గ్రాడ్యుయేషన్ డే వేడుకలను నిర్వహించారు. ఈ సందర్భంగా రాష్ట్ర ఉన్నత విద్యా మండలి చైర్మన్ ప్రొ. వి. బాలకృష్ణారెడ్డి మాట్లాడుతూ ఇంజినీరింగ్ విద్యార్థులు కృషి, పట్టుదల, నిజాయితీతో చదివితే వృత్తిపరమైన జీవితంలో ఉన్నత శిఖరాలను అధిరోహించగలుగుతారని చెప్పారు. శ్రీ డాక్టర్ ప్రఫుల్ల రామారావు మాజీ టీఆర్ఆర్ డిఫ్ కంట్రోలర్, ఆనర్ డిఫ్ ప్రత్యేక సెక్రటరీ విద్యార్థులతో మాట్లాడుతూ విద్యార్థులు పట్టుదలతో ముందుకు సాగాలని సూచించారు. ఈ కార్యక్రమంలో కళాశాల చైర్మన్ పీవీఆర్ కశ్యప్, సెక్రటరీ డాక్టర్ శ్రీనివాసరావు, సీపీ వర్మ, డీన్‌లు, అధ్యాపకులు తదితరులు పాల్గొన్నారు.

"ధీ ఘవెర్నెన్స్ డైరిస్"

ప్రజాప్రతినిధులు మరియు ప్రభుత్వ ఉన్నతాధికారులను విద్యార్థులతో కలిపి పరిణత ఆలోచన

హైదరాబాద్, అక్టోబర్ 22: గీతాంజలి ఇంజినీరింగ్ అండ్ టెక్నాలజీ కాలేజీలో ఈ రోజు "ఘవెర్నెన్స్ డైస్" అనే ప్రత్యేక కార్యక్రమాన్ని విజయవంతంగా నిర్వహించారు. ఈ సిరీస్ ఉద్దేశ్యం ప్రభుత్వ ఉన్నతాధికారులను మరియు ప్రజాప్రతినిధులను విద్యార్థులతో కలిపి, పరిపాలన మరియు ప్రజా వ్యవస్థలపై అవగాహన కల్పించడం. ఈ సిరీస్ మొదటి ఎపిసోడ్‌కు తెలంగాణ స్టేట్ కౌన్సిల్ ఆఫ్ హయ్యర్ ఎడ్యుకేషన్ (టి.జి.సి.ఎస్.హెచ్.ఇ) చైర్మన్ డా. వి.

బాలకిష్ట రెడ్డి గారు హాజరై సిరీసును ప్రారంభించారు. కాలేజీ విద్యార్థులు ఇద్దరు ఇంటర్వ్యూయర్లుగా వ్యవహరించి ఆయనని ప్రశ్నలకు ఆయన సమగ్రమైన సమాధానాలు ఇచ్చారు. విద్యార్థులు అడిగిన న్యాయరంగానికి సంబంధించిన ప్రశ్నలకు ఆయన స్పష్టతనిచ్చి, విద్యార్థుల్లో న్యాయరంగంపై అవగాహన పెంపొందించారు. కార్యక్రమంలో గీతాంజలి ఇంజినీరింగ్ అండ్ టెక్నాలజీ కాలేజీ చైర్మన్ శ్రీ రవీందర్ రెడ్డి గారు కూడా పాల్గొని విద్యార్థులను ప్రోత్సహించారు. ఆయన మాట్లాడుతూ, ఇలాంటి విద్యార్థుల్లో సామాజిక అవగాహన పెంపొందించడంలో మరియు భవిష్యత్ నాయకత్వాన్ని తీర్చిదిద్దడంలో సహాయపడతాయని తెలిపారు. కళాశాల నిర్వాహకులు తెలిపారు భవిష్యత్తులో కూడా వివిధ రంగాల ప్రజాప్రతినిధులను ఆహ్వానిస్తూ "ఘవెర్నెన్స్ డైస్" సిరీసును కొనసాగిస్తామని పేర్కొన్నారు.
