## List of March Events 2026

S.No.	Particulars	P. No.
1	Chairman, TGCHE Participates in National Seminar on Women's Contribution to Viksit Bharat	04
2	Chairman, TGCHE Attends Pharma Anveshan 2026 at G. Pulla Reddy College of Pharmacy	06
3	TGCHE holds Meeting with Vice-Chancellors of Telangana State Conventional Universities	08
4	Telangana Council of Higher Education Signs MoU with IIT Madras for Implementation of SWAYAM Plus	09
5	Prof. V. Balakista Reddy Unveils Research Compendium of Government City College Faculty	10
6	Chairman, TGCHE at National Seminar on "Re-envisioning Higher Education: Digital Pathways towards Viksit Bharat 2047" at Osmania University	11
7	Chairman, TGCHE at National Seminar on "Contribution of Kakatiyas to Sanskrit Language and Literature" of Government Degree College for Women, Begumpet	12
8	Telangana Council of Higher Education Explores Academic Collaboration with University of Western Australia	13
9	Chairman highlights Role of Sustainable Business Transformation at National Conference at Dr. BRAOU	14
10	Chairman Inspires Students at "AQUILA 2026" Annual Day Celebrations of St. Peter's Engineering College.	15
11	Chairman Encourages Innovation and Leadership at BLITZKRIEG 2026, Osmania University	16
12	TGCHE Releases Brochure on Multidisciplinary UG and PG Programmes in Emerging Areas	17
13	"Live Programme on TSAT: TGCHE Unveils New Job-Oriented Courses for A.Y 2026-27"	18
14	Chairman Telangana Higher Education Council (TGCHE) encourages Unemployed Youth to Register on DEFT Portal	21
15	Chairman, TGCHE inaugurates TRIIMPACT SDG Centre of Excellence at Sai Sudhir Degree & PG College	22
16	Chairman, TGCHE Emphasizes Women's Empowerment as Key to Sustainable Development at International Seminar organized by OU	23
17	TGCHE Signs MoU with AIMS to Strengthen Management Education and Skill Ecosystem in Telangana	24
18	Chairman, TGCHE Highlights Role of Bioremediation in Sustainable Chemical Waste Management at National Seminar	25
19	Chairman, TGCHE Emphasizes Relevance of Buddhist Philosophy for Global Peace at World Buddhist Peace Conference 2026	26
20	TGCHE Convened a meeting with Subject Experts for Introduction of New Courses Academic Year - 2026-2027	27
21	Chairman, TGCHE Applauds Excellence in Education at HMTV & The Hans India Education Awards 2026	30
22	Chairman, TGCHE Inaugurates National Seminar on History and Heritage at Suravaram Pratap Reddy Telugu University	31
23	Chairman, TGCHE Chairs Meeting with Six Conventional University Deans on Curriculum Development for New UG & PG Programmes	32

## Editorial

March 2026 has been a month of remarkable momentum, meaningful engagement, and forward-looking initiatives for the Telangana Council of Higher Education. It reflects our collective commitment to transforming higher education into a dynamic, inclusive, and future-ready ecosystem aligned with the vision of Viksit Bharat 2047.

This month, TGCHE actively engaged with a wide spectrum of stakeholders—academicians, policymakers, industry leaders, and students—through national seminars, conferences, and institutional collaborations. Our participation in deliberations on women's contribution to nation-building, digital transformation in higher education, sustainable development, and cultural heritage underscores the multidimensional role of education in shaping a progressive society.

A key highlight has been our sustained focus on academic innovation. The Council convened high-level meetings with Vice-Chancellors, Deans, and subject experts to design and introduce multidisciplinary Undergraduate and Postgraduate programmes in emerging areas for the Academic Year 2026–27. These initiatives aim to bridge the gap between academia and industry, enhance employability, and equip students with skills relevant to a rapidly evolving global landscape.

Strengthening collaborations has also been central to our efforts. The signing of Memoranda of Understanding with premier institutions such as the Indian Institute of Technology Madras for SWAYAM Plus and with leading management bodies marks a significant step towards expanding digital learning, skill development, and academic excellence. Our exploration of international partnerships further reflects Telangana's aspiration to position itself as a global hub of higher education.

Equally important has been our emphasis on values-driven education. Through engagements on themes such as women's empowerment, sustainable business transformation, environmental responsibility, and the relevance of philosophical traditions for global peace, we reaffirm that education must not only create skilled professionals but also responsible citizens.

It is particularly heartening to witness the enthusiasm and creativity of students across institutions, as seen in various academic and co-curricular platforms. Their energy and innovation inspire us to continuously reimagine our policies and programmes to support their aspirations.

As India stands on the threshold of a transformative decade, we firmly believe that our nation is poised to challenge and lead the world—not only economically, but also educationally, intellectually, and culturally. Telangana, with its progressive outlook and strong academic foundation, will play a pivotal role in this journey.

I extend my sincere appreciation to all universities, colleges, faculty members, and students for their active participation and unwavering support. Let us continue to work together with renewed dedication to build a robust, inclusive, and globally competitive higher education system.

**Together, let us shape knowledge, empower minds, and build the future.**

**Prof. V. Balakista Reddy**  
Chairman  
Telangana Council of Higher Education

## Chairman, TGCHE Participates in National Seminar on Women's Contribution to Viksit Bharat

**Chairman, TGCHE addressing participants at the National Seminar on Women's Contribution to Viksit Bharat at VCIWU.**

Prof. (Dr.) V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE), attended and addressed a National Seminar on “Women's Contribution to Viksit Bharat: Opportunities and Challenges” organized by Veeranari Chakali Iamma Women University (VCIWU) on 05 March 2026. The seminar was organized with the objective of highlighting the significant role played by women in India's social, economic, educational, and technological development, particularly in the context of the national vision of Viksit Bharat 2047.

In his address, Prof. Reddy emphasized that women's empowerment is a key driver of sustainable development and an essential pillar for building a progressive and inclusive nation. He observed that International Women's Day symbolizes not only celebration but also recognition of the resilience, strength, creativity, and leadership demonstrated by women across generations. From ancient Indian civilization to modern India, women have played a transformative role in shaping knowledge systems, social reforms, governance, culture, and innovation.

Highlighting the importance of higher education, the Chairman stated that universities and educational institutions must play a proactive role in empowering women by providing quality education, research opportunities, skill development, and leadership platforms. He noted that women today are making remarkable contributions in diverse sectors including science and technology, research, entrepreneurship, civil services, healthcare, defense, and the digital economy. The increasing participation of women in startups, innovation ecosystems, and research initiatives reflects a positive shift towards greater gender inclusivity in India's development landscape.

At the same time, Prof. Reddy acknowledged that certain challenges continue to persist, including gender gaps in workforce participation, leadership representation, access to digital resources, research funding, and wage parity. He stressed that addressing these challenges requires a collective effort involving policy support, institutional reforms, and a transformation in societal attitudes towards gender equality.

Prof. Reddy further emphasized that the vision of Viksit Bharat 2047 can be realized only when women are equal stakeholders in the development process. He highlighted the importance of creating inclusive academic ecosystems that promote innovation, entrepreneurship, mentorship networks, and incubation support specifically for women students and researchers. Such initiatives will enable women to emerge as leaders, innovators, and change-makers in the nation's growth story.

The seminar provided a valuable platform for academicians, researchers, and students to engage in meaningful discussions on the opportunities and challenges associated with

women's participation in nation-building. The deliberations focused on strengthening women's leadership in education, research, governance, and entrepreneurship while fostering a culture of gender equity and inclusive development.

The programme concluded with a call for continued efforts by universities, policymakers, and society at large to support women's empowerment through education, skill development, and leadership opportunities. The seminar reaffirmed the collective commitment to advancing the role of women as key contributors to India's progress towards becoming a developed nation by 2047.

## Chairman, TGCHE Attends Pharma Anveshan 2026 at G. Pulla Reddy College of Pharmacy

**Prof. (Dr.) V. Balakista Reddy, Chairman, TGCHE, addressing participants at Pharma Anveshan 2026 organized by G. Pulla Reddy College of Pharmacy, Hyderabad.**

Prof. (Dr.) V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE), participated as the Distinguished Guest at **Pharma Anveshan 2026**, a scientific event organized by G. Pulla Reddy College of Pharmacy, Hyderabad on **dt. 07.03.2026**. The programme brought together faculty members, researchers, industry experts, and students to promote scientific exploration, innovation, and research in the field of pharmaceutical sciences.

Addressing the gathering, Prof. Reddy appreciated the management, faculty, and students of the college for organizing an academic platform that encourages research-oriented learning and scientific inquiry. He observed that the concept of “Anveshan,” meaning exploration and discovery, reflects the very spirit of pharmaceutical research, which has played a transformative role in advancing modern healthcare through the development of life-saving medicines and innovative therapeutic technologies.

The Chairman highlighted the rapid transformation taking place in the pharmaceutical sector driven by emerging technologies such as artificial intelligence, biotechnology, data analytics, and precision medicine. These advancements, he noted, are enabling researchers to develop more effective medicines, improve disease prediction, and design personalized treatment approaches.

Prof. Reddy also pointed out that India has emerged as a global leader in the pharmaceutical industry and is widely recognized as the “Pharmacy of the World” for supplying affordable and high-quality medicines to many countries. He emphasized that institutions such as G. Pulla Reddy College of Pharmacy play a vital role in preparing the next generation of pharmaceutical scientists, researchers, and healthcare innovators.

Highlighting the role of higher education institutions, the Chairman stated that the Telangana Council of Higher Education is committed to promoting research-driven learning,

innovation, and strong industry-academia collaboration. He encouraged institutions to create academic environments that nurture creativity, interdisciplinary research, and practical problem-solving abilities among students.

He further noted that events like Pharma Anveshan 2026 provide valuable opportunities for students to present research ideas, interact with experts, and learn from peers. Such forums help

cultivate scientific thinking, teamwork, and confidence among young researchers while preparing them to address real-world healthcare challenges.

The programme concluded with an interactive session and participation from students and researchers, reinforcing the importance of innovation, research, and collaboration in advancing pharmaceutical sciences.

## TGCHE holds Meeting with Vice-Chancellors of Telangana State Conventional Universities

Prof. V. Balakista Reddy, Chairman, TGCHE convened a meeting with the Vice-Chancellors of the Conventional Universities of Telangana State on **07th March 2026 at 3:30 PM** at the TGCHE Office, Hyderabad. The meeting was held to deliberate on important academic and policy matters concerning higher education in the State.

The meeting was attended by Prof. E. Purushotham, Vice-Chairman-I, TGCHE; Prof. SK. Mahmood, Vice-Chairman-II, TGCHE; Prof. Kumar Molugaram, Vice-Chancellor, Osmania University; Prof. Karnati Pratap Reddy, Vice-Chancellor, Kakatiya University; Prof. T. Yadagiri Rao, Vice-Chancellor, Telangana University; Prof. Khaja Altaf Hussain, Vice-Chancellor, Mahatma Gandhi University; Prof. G.N. Srinivas, Vice-Chancellor, Palamuru University; Prof. U. Umesh Kumar, Vice-Chancellor, Satavahana University; Prof. Surya Dananjay, Vice-Chancellor, Veeranari Chakali Ilamma Women's University; and Prof. Sriram Venkatesh, Secretary, TGCHE.

At the outset, the **February 2026 edition of the TGCHE Newsletter** was formally released by the Chairman, TGCHE. In his inaugural remarks, Prof. V. Balakista Reddy emphasized the need for strengthening academic standards, implementing reforms in accordance with the **National Education Policy (NEP) 2020**, and enhancing collaboration between the Council and the universities.

During the meeting, the Vice-Chancellors unanimously resolved to implement the **National Education Policy (NEP) 2020** framework for both Undergraduate and Postgraduate programmes from the **academic year 2026-27**. The decision was taken with a view to strengthening academic quality and enabling universities to derive greater benefits in accreditation and rankings systems such as the National Assessment and Accreditation Council (NAAC), National Institutional Ranking Framework (NIRF), National Board of Accreditation (NBA), and the National Credit Framework (NCrF). The implementation is also expected to enhance institutional performance in

national competitive grants, attract research funding, and strengthen the overall academic and research ecosystem of the universities. Accordingly, the agreed credit framework includes a **minimum of 120 credits for a 3-year Undergraduate Degree, 160 credits for a 4-year Undergraduate Degree (Honours/Honours with Research), and a minimum of 80 credits for Postgraduate programmes**. It was also decided to constitute a **committee comprising Vice-Chancellors of the Conventional Universities** to prepare comprehensive guidelines on **credit structure, minor degrees, credit transfer policy, multidisciplinary programmes, and the implementation of the Multiple Entry-Multiple Exit system**.

The Council assigned the conducting of **Common Post Graduate Entrance Test (CPGET) to Kakatiya University, Warangal, for the academic year 2026-27**. It was further suggested that a **separate entrance test may be conducted for Five-Year Integrated Programmes** at an appropriate time.

The Vice-Chancellors also approved proposals for the introduction of **new Undergraduate and Postgraduate programmes in emerging and interdisciplinary areas**, in line with recommendations from TGCHE and the University Grants Commission (UGC). With regard to **AEDPs Programmes** of Government and Private Degree Colleges, it was resolved that TGCHE would coordinate with the Universities for granting approvals as per the prescribed norms.

It was decided that **Universities will coordinate with TGCHE in preparing a common academic almanac for Undergraduate programmes for the academic year 2026-27**. The Vice-Chancellors were also requested to implement the **Education Department's Memo on Praja Palana - Pragathi Pranalika (99-Day Action Plan from 06.03.2026 to 12.06.2026)** at the University level.

Further, the **guidelines prepared by TGCHE for syllabus design, credit allocation, and instruction hours for theory, practicals, laboratories, internships, and apprenticeships in accordance with UGC regulations** were also approved.

The meeting concluded with a collective commitment from the Council and the Universities to strengthen academic governance, enhance quality in higher education, and effectively implement reforms aligned with **NEP 2020** for the benefit of students across Telangana.

## Telangana Council of Higher Education Signs MoU with IIT Madras for Implementation of SWAYAM Plus

The Telangana Council of Higher Education (TGCHE) has signed a Memorandum of Understanding (MoU) with the Indian Institute of Technology Madras (IIT Madras) to facilitate the implementation of the SWAYAM Plus Initiative across higher education institutions in Telangana and released note for press on dt.09.03.2026. The partnership represents an important step towards strengthening digital learning and expanding access to high-quality academic resources for students and faculty in the state.

Through this collaboration, TGCHE and IIT Madras will work together to promote and integrate SWAYAM Plus courses within universities and colleges in Telangana. The initiative focuses on providing credit-bearing online courses that can support undergraduate and postgraduate programmes across disciplines such as science, technology, humanities, commerce, and emerging interdisciplinary areas. These courses will be carefully mapped to university curricula to ensure that students receive both academic credits and exposure to contemporary knowledge & skills and credit transfer facility.].

A key component of the MoU is capacity building for faculty members. IIT Madras will assist in designing orientation and training programmes to strengthen the ability of college teachers to effectively adopt online and blended learning methodologies. TGCHE will coordinate with universities and colleges in the state to identify faculty participants, organize training programmes, and monitor implementation across institutions. This effort aims to build a confident community of educators capable of guiding students through SWAYAM Plus courses and integrating digital learning resources into regular classroom teaching.

The partnership will also encourage collaborative research and data-driven academic planning. Both institutions will work together to study online

learning patterns, course completion rates, and student performance. Insights from these studies will help improve course design, student counselling, and academic strategies within Telangana's higher education system.

Additionally, the collaboration will include joint outreach activities, such as awareness programmes, student orientations, and academic workshops, to promote the benefits of SWAYAM Plus among the academic community.

### Objectives of the MoU include:

- Hosting the SWAYAM Plus link on State University, College, and State Education Department websites.
- Promoting SWAYAM Plus courses among university and college students in Telangana.
- Facilitating credit transfer and credit-based course integration within university curricula.
- Supporting curriculum development aligned with digital and industry-oriented learning.
- Providing opportunities for internships programmes.
- Encouraging research and development collaborations related to digital and online education.

Through this MoU, TGCHE and IIT Madras reaffirm their commitment to enhancing the quality, accessibility, and flexibility of higher education in Telangana. The SWAYAM Plus initiative is expected to serve as a strong academic bridge between state universities and premier national institutions, enabling students to benefit from advanced digital learning opportunities and industry-relevant knowledge.

## Prof. V. Balakista Reddy Unveils Research Compendium of Government City College Faculty

Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE), unveiled a prestigious research compendium authored by Dr. Parvathalu Kalakonda, Assistant Professor of Physics and Head of the Smart Nanomaterial Research Laboratory (SNRL) at Government City College (Autonomous), Hyderabad on dt.11.03.2026.

Speaking on the occasion, Prof. V. Balakista Reddy congratulated Dr. Kalakonda and stated that publishing 16 international research papers within a single academic year while serving in a government college is a remarkable achievement. He observed that the accomplishment demonstrates that with dedication, passion, and institutional support, world-class research can flourish in government institutions, reflecting the growing strength of higher education and research culture in Telangana.

The compendium, titled “Frontiers in Nanomaterials: A Compendium of Research Articles (2024–25)”, showcases an outstanding academic achievement—16 Scopus-indexed international research publications produced within a single academic year. The volume includes 7 Q1 and 9 Q2 research papers published in reputed international journals of Elsevier, Springer, and Wiley. In addition, the compendium highlights one Indian patent related to defence applications (Application No. 202541092095) and two book chapters, reflecting the significant research contributions made by the laboratory.

Dr. Parvathalu Kalakonda brings rich global research experience to the government collegiate system. He completed his Ph.D. from Worcester Polytechnic

Institute (WPI), USA, pursued post-doctoral research at Carnegie Mellon University (CMU), USA, and previously held research positions at the Indian Institute of Science (IISc), Bengaluru, and King Abdullah University of Science and Technology (KAUST), Saudi Arabia. Choosing to serve in the government higher education sector, he established the state-of-the-art Smart Nanomaterial Research Laboratory (SNRL) at Government City College.

Under his mentorship, 7 Ph.D. scholars, 10 postgraduate students, and 5 undergraduate students are actively engaged in advanced research in areas such as energy materials, water purification technologies, cancer therapeutics, and space technology applications.

Expressing his gratitude, Dr. Parvathalu Kalakonda stated that unveiling the compendium in the presence of the Chairman, TGCHE, was a proud and memorable moment. He dedicated the achievement to his research scholars whose curiosity, commitment, and collaborative efforts have played a key role in the success of the laboratory.

Dr. Kalakonda also thanked Joint Directors Prof. P. Bala Bhaskar and Prof. DSR Rajender Singh, Principal Prof. Ch. Prasad, the faculty of the Department of Physics, and all his research scholars at SNRL for their continued support and encouragement.

Officials and staff of the Telangana Council of Higher Education were present on the occasion and congratulated Dr. Kalakonda for this notable academic accomplishment.

## Chairman, TGCHE at National Seminar on Re-envisioning Higher Education: Digital Pathways towards Viksit Bharat 2047 at Osmania University

Chairman, TGCHE Addresses National Seminar on “Re-envisioning Higher Education: Digital Pathways towards Viksit Bharat 2047” at Osmania University

The Chairman of the Telangana Council of Higher Education, **Prof. V. Balakista Reddy**, participated in the National Seminar titled “Re-envisioning Higher Education: Digital Pathways towards Viksit Bharat 2047” organized by Osmania University dt.12.03.2026. Addressing the gathering of academicians, researchers, faculty members, and students, he highlighted the crucial role of higher education in shaping India's future as the nation moves toward the vision of a developed India by 2047.

In his address, Prof. Reddy noted that India is at a transformative stage where higher education institutions must evolve beyond traditional teaching roles to become centres of innovation, research, entrepreneurship, and social transformation. He observed that rapid advancements in digital technologies, artificial intelligence, and data-driven systems are reshaping the global knowledge ecosystem and redefining the future of education.

Referring to the vision outlined in National Education Policy 2020, he emphasized the importance of integrating technology into teaching and learning through digital infrastructure, blended learning models, online platforms, and open educational resources. Such initiatives, he stated, are essential for enhancing both the quality and accessibility of higher education.

Prof. Reddy further stated that Telangana's higher education system is steadily strengthening its digital ecosystem. Universities and colleges across the state are adopting smart classrooms, digital

learning platforms, virtual laboratories, and technology-enabled academic management systems. Institutions are also being encouraged to introduce emerging fields such as artificial intelligence, data analytics, cybersecurity, fintech, and digital governance into their academic programmes to prepare students for the future workforce.

He also stressed that digital transformation must be inclusive and equitable. Ensuring access to digital infrastructure for students from rural and disadvantaged backgrounds is vital to bridging the digital divide. He further underlined the importance of continuous faculty development and training in digital pedagogy to enable educators to effectively guide students in a rapidly evolving academic environment.

Highlighting the rich academic legacy of Osmania University, the Chairman remarked that universities must serve as hubs of inter disciplinary research and innovation, fostering collaboration between academia, industry, and society. He noted that seminars such as this provide an important platform for intellectual exchange and policy dialogue on the future of higher education.

Prof. Reddy expressed confidence that the deliberations of the seminar would generate meaningful insights and recommendations, contributing to the national goal of building a future-ready, technology-driven, inclusive, and globally competitive higher education system aligned with the vision of Viksit Bharat 2047.

## Chairman, TGCHE at National Seminar on Contribution of Kakatiyas to Sanskrit Language and Literature of Government Degree College for Women, Begumpet

**Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education, addressing the National Seminar on "Contribution of Kakatiyas to Sanskrit Language and Literature" organized by Government Degree College for Women, Begumpet.**

Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education, addressed a National Seminar on "Contribution of Kakatiyas to Sanskrit Language and Literature" organized by Government Degree College for Women, Begumpet dt.12.03.2026. The seminar brought together distinguished scholars, resource persons, faculty members, and students to deliberate on the intellectual and cultural legacy of the Kakatiya period.

In his address, Prof. Reddy highlighted the significant role of the Kakatiya dynasty (12th-14th centuries) in shaping the cultural and intellectual history of the Deccan. He noted that the Kakatiya era was marked by political stability, economic prosperity, and a vibrant cultural renaissance that encouraged the growth of literature, art, architecture, and scholarship.

The Chairman emphasized that while the Kakatiyas are widely recognized for their architectural marvels such as the Warangal Fort, Ramappa Temple, and Thousand Pillar Temple, their patronage of Sanskrit scholarship is equally noteworthy. Under the support of the Kakatiya rulers, Sanskrit flourished as a language of classical knowledge, enabling scholars to produce significant works in poetry, philosophy, grammar, religious literature, and dramaturgy.

Prof. Reddy further observed that the Kakatiya period witnessed a harmonious coexistence of Sanskrit and regional languages, particularly Telugu. This intellectual environment fostered a unique cultural synthesis in which classical scholarship and regional literary traditions developed side by side.

Referring to the vision of National Education Policy 2020, he stressed the importance of reviving Indian knowledge systems, classical languages, and multidisciplinary learning. Seminars focusing on historical and literary traditions, he noted, play a vital role in encouraging research and scholarly engagement with India's rich intellectual heritage.

He also appreciated the efforts of Government Degree College for Women, Begumpet in organizing the seminar and encouraging students to explore classical traditions while developing research perspectives. Emphasizing the importance of women's education, he stated that empowering young scholars through higher education is essential for building an inclusive and progressive society.

Prof. Reddy expressed confidence that the seminar would generate meaningful academic discussions and inspire further research on the literary and cultural contributions of the Kakatiya period.

## Telangana Council of Higher Education Explores Academic Collaboration with University of Western Australia

The **University of Western Australia** delegation met Prof. V. Balakista Reddy, Chairman, Prof. Sriram Venkatesh, Secretary, TGCHE, to explore avenues for strengthening academic and research collaboration between institutions in **Australia and India dt. 12.03.2026.**

The delegation from the University of Western Australia included Nashid Choudhury, Director – Global Growth and Advocacy, and Hari Padmanabhan, Government & Industry Relations Manager. During the meeting, both sides discussed opportunities for partnership across priority sectors such as **aviation, agriculture, space, and critical minerals.** The discussions highlighted the shared interest in strengthening collaboration in research, innovation, and skill development.

It was noted that Hyderabad is one of the key Science and Technology clusters supported by the **Office of the Principal Scientific Adviser to the Government of India,** reflecting the city's growing prominence as a hub for advanced research and technological development. The engagement also

builds on the University of Western Australia's recent strategic Memorandum of Understanding with **India Science and Technology Clusters Initiative,** which aims to enhance Australia–India collaboration in Science, Technology, and Innovation.

During the interaction, Prof. V. Balakista Reddy assured the visiting delegation of the Government of Telangana's support for meaningful international academic partnerships. He highlighted Telangana's increasing role as a centre for Higher Education, Research, and Innovation, and emphasized the importance of global collaborations in enhancing academic excellence and industry-oriented skill development.

Both sides acknowledged the strong potential for cooperation and agreed to continue consultations to develop a suitable framework for future partnerships. The proposed collaboration is expected to promote academic exchange, joint research initiatives, and stronger engagement between academia and industry.

## Chairman Highlights Role of Sustainable Business Transformation at National Conference at Dr. BRAOU

**Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE), addressing the National Conference on “Business Transformation for Sustainable Development” at Dr. B. R. Ambedkar Open University.**

The Chairman of the Telangana Council of Higher Education (TGCHE), Prof. V. Balakista Reddy, participated as the Chief Guest at the National Conference on “Business Transformation for Sustainable Development” organized by Dr. B. R. Ambedkar Open University on 13.03.2026.

Addressing the gathering, the Chairman emphasized that the global economy is undergoing significant transformation driven by technological advancements, digital innovation, environmental challenges, and evolving societal expectations. He noted that sustainable development has moved beyond being an ethical consideration to becoming a strategic imperative for long-term growth and resilience in the business sector.

He highlighted that business transformation today is not confined to profitability alone but encompasses environmental responsibility, social inclusiveness, and sustainable practices. The adoption of green technologies, renewable energy, circular economy models, and responsible governance frameworks is enabling organizations to address environmental concerns while fostering innovation and economic development.

Underscoring the critical role of higher education, Prof. Reddy stated that universities and colleges must equip students with the knowledge, skills, and values necessary to lead sustainable businesses. He stressed the need to integrate sustainability, ethical leadership, environmental management, and innovation into management education.

Referring to the National Education Policy (NEP) 2020, he observed that the policy promotes

multidisciplinary education, research, and industry collaboration, encouraging institutions to design curricula that address emerging global challenges. In line with this vision, Telangana is actively promoting new academic programmes in areas such as sustainable business practices, digital entrepreneurship, fintech, data analytics, and green technologies to prepare students for a rapidly evolving global economy.

The Chairman also highlighted the importance of research and innovation, stating that universities must function as hubs of knowledge creation, where academicians, industry experts, and policymakers collaborate to develop sustainable solutions. He noted that conferences like this provide valuable platforms for intellectual exchange and interdisciplinary dialogue.

He appreciated the efforts of Dr. B. R. Ambedkar Open University in expanding access to higher education through open and distance learning, thereby promoting inclusivity and democratizing education.

Expressing confidence in the outcomes of the conference, Prof. Reddy stated that the deliberations would generate meaningful insights into sustainable business transformation and inspire future research, collaborations, and policy initiatives.

He congratulated the organizers for successfully hosting the conference and called upon all stakeholders to work collectively towards building a knowledge-driven, innovative, and sustainable economy for the benefit of present and future generations.

## Chairman Inspires Students at AQUILA 2026 Annual Day Celebrations of St. Peter's Engineering College.

**Prof. V. Balakista Reddy, Chairman, Telangana Council of Higher Education (TGCHE), addressing students at the Annual Day Celebrations – “AQUILA 2026” at St. Peter's Engineering College**

The Chairman of the Telangana Council of Higher Education (TGCHE), Prof. V. Balakista Reddy, attended the Annual Day Celebrations – “AQUILA 2026” at St. Peter's Engineering College as the Chief Guest and addressed students, faculty, and parents on the occasion dt.13.03.2026.

In his address, the Chairman described Annual Day as a significant milestone in an institution's journey, reflecting its achievements, growth, and commitment to excellence. He congratulated the management, faculty, and students of St. Peter's Engineering College for their dedication to quality education and for nurturing future-ready engineers.

Highlighting India's demographic strength, Prof. Reddy noted that more than 65% of the country's population is below the age of 35, making it one of the youngest nations in the world. He emphasized that this youthful population is a tremendous opportunity for India to meet the growing global demand for skilled, innovative, and technology-driven professionals.

He pointed out that Indian youth are already making remarkable contributions across sectors such as artificial intelligence, digital technologies, renewable energy, biotechnology, and advanced manufacturing. He stressed that institutions like St. Peter's Engineering College play a vital role in equipping students with industry-relevant skills and competencies.

Addressing the students, he underlined that the global landscape today values not just degrees but also creativity, competence, and problem-solving abilities. He encouraged engineering graduates to take on the responsibility of shaping the future through innovations in areas such as smart cities, sustainable technologies, and digital transformation.

Prof. Reddy also highlighted the initiatives of TGCHE in strengthening higher education through innovation, multidisciplinary learning, research, and industry collaboration, ensuring that students are well-prepared for the demands of a rapidly evolving world.

Emphasizing the importance of national pride, he urged students to carry the confidence and values of being Indian wherever they go. He noted that India is emerging as a global leader in technology, innovation, and entrepreneurship, and called upon students to uphold the values of integrity, dedication, and excellence in their professional journeys.

On the occasion, the Chairman congratulated students who excelled in academics, sports, cultural activities, and innovation, stating that their achievements bring pride to the institution and society.

He extended his best wishes to St. Peter's Engineering College for its continued success in shaping responsible, skilled, and visionary engineers, and wished all students a bright and successful future.

## Chairman Encourages Innovation and Leadership at BLITZKRIEG 2026, Osmania University

Prof. V. Balakista Reddy, chairman, TGCHE participated in BLITZKRIEG 2026, an academic and management event organized by the Department of Business Management, Osmania University on dt.14.03.2026.

Addressing faculty members, organizers, and students, the Chairman appreciated the department for creating a dynamic platform that fosters innovation, strategic thinking, and leadership among young minds. He noted that the theme “Blitzkrieg,” symbolizing speed, strategy, and decisive action, is highly relevant in today's rapidly evolving global business environment.

Prof. Reddy emphasized that the modern business landscape demands agility, creativity, technological awareness, and strong problem-solving abilities, going far beyond traditional management practices. He highlighted that India, with one of the largest youth populations in the world, stands at a critical juncture with immense potential to emerge as a global leader in innovation, entrepreneurship, and economic growth.

He stressed that management education must evolve to meet these demands by promoting critical thinking, data-driven decision-making, ethical leadership, and an entrepreneurial mindset. Events like BLITZKRIEG, he noted,

provide valuable opportunities for students to engage with real-world challenges, enhance teamwork, and develop leadership capabilities.

Highlighting the initiatives of TGCHE, the Chairman stated that Telangana is actively strengthening higher education through interdisciplinary programmes, digital learning, industry collaborations, and skill-oriented education, ensuring students are well-prepared for the future of work.

Encouraging students, he urged them to think boldly and act responsibly, underscoring that future business leaders must balance profitability with sustainability, social responsibility, and inclusive development. He remarked that true leadership lies in creating value not only for organizations but also for society at large.

Prof. Reddy called upon students to actively participate in such platforms, exchange ideas, and challenge themselves to think differently, noting that innovation begins with curiosity and the courage to experiment.

He congratulated the Department of Business Management, Osmania University, and all participants for making BLITZKRIEG 2026 a meaningful academic initiative and wished them continued success.

## TGCHE Releases Brochure on Multidisciplinary UG and PG Programmes in Emerging Areas

### TGCHE Releases Brochure on Multidisciplinary UG and PG Programmes

The Telangana Council of Higher Education (TGCHE) released a comprehensive brochure detailing the newly introduced multidisciplinary Undergraduate and Postgraduate programmes in emerging and future-oriented areas on dt.16.03.2026. The brochure was formally released by Prof. V.Balakista Reddy, Chairman, TGCHE, Prof. E. Purushotham, Vice-Chairman-I, Prof. SK Mahmood, Vice-Chairman-II and Prof. Sriram Venkatesh, Secretary, TGCHE.

Speaking on the occasion, the Chairman stated that the new academic initiatives are designed to align higher education in Telangana with emerging global trends, industry requirements, and the aspirations of the youth. The programmes are part of a broader vision to strengthen the higher education ecosystem and to prepare students for future careers in rapidly evolving sectors.

The newly introduced courses cover a wide range of emerging fields including Artificial Intelligence, Cyber Security, FinTech, Defence and Security Studies, Aviation and Air Traffic Management, Tourism and Hospitality, Healthcare Management, Biomedical Sciences, Climate Science, Rural Development, Maritime Management and other interdisciplinary domains. These programmes are designed to combine strong academic foundations with practical, industry-oriented skills.

The Chairman highlighted that the programmes are aligned with the vision of "Rising Telangana 2047" and the national aspiration of "Viksit Bharat 2047," aiming to equip Telangana's youth with the knowledge, skills and competencies required for the future workforce. He emphasized that Telangana's young population is a great asset and empowering them through innovative and relevant education is a key priority.

A key feature of the new academic framework is the CORE-PURE-RARE model, which integrates urban, peri-urban and rural perspectives into higher education. Under this model, students will participate in credit-based coursework, fieldwork and projects that address the developmental needs of different regions of the state, thereby contributing to inclusive and balanced regional development.

The programmes also offer several student-friendly features such as flexible three-year and four-year undergraduate structures, multiple entry and exit options, and the Academic Bank of Credits that allows students to pause and resume their studies without losing academic progress. Additionally, internships, industry projects and field-based learning will form an integral part of the curriculum.

TGCHE is also introducing an AI Tutor Initiative. These AI-enabled academic tutors will assist students in doubt clarification, bilingual explanations, coding support and academic guidance, particularly benefiting students from rural backgrounds. The initiative is intended to support and complement the role of teachers in delivering quality education.

The Chairman called upon students and parents to actively participate in these awareness programmes and make the best use of the opportunities created through the new courses. He reiterated that TGCHE is committed to working closely with universities, industry partners and research organisations to maintain high academic standards and to create better career prospects for the youth of Telangana.

The brochure provides detailed information about the new programmes, their objectives, course structure, career opportunities and the academic framework under which they will be implemented across universities and colleges in Telangana.

The Telangana Council of Higher Education (TGCHE) request the media to extend wide publicity to the Live Awareness Programme on Undergraduate and Postgraduate Courses in New and Emerging Areas, which will be broadcast on TSAT tomorrow from 3:00 PM to 5:00 PM. Students, parents, and all stakeholders are encouraged to watch the programme to gain information about the newly introduced multidisciplinary programmes and future career opportunities. The live programme can be viewed through the following link: <https://youtube.com/live/4Gv07daaH2s>

## Live Programme on TSAT: TGCHE Unveils New Job-Oriented Courses for A.Y 2026-27

The Telangana Council of Higher Education (TGCHE) successfully conducted a live awareness programme on dt.17.03.2026 through TSAT on the introduction of new courses for the academic year 2026-27. The programme witnessed active participation from students, faculty members, industry representatives, and other stakeholders.

On this occasion, Chairman, TGCHE, Prof. V. Balakista Reddy stated that the new courses have been designed with a vision to attract large-scale investments through Public-Private Partnership (PPP). He mentioned that, for example, the maritime sector alone has the potential to attract investments of nearly ₹3 lakh crore, and that these initiatives are expected to generate around 20 lakh employment opportunities in total. He further explained that these courses have been structured keeping in view the growing youth population in the country and the massive workforce expected to be ready by 2030.

Additionally, he stated that, in line with the aspirations of the Hon'ble Chief Minister, Sri Anumula Revanth Reddy, nearly 39 new courses are being designed for undergraduate and postgraduate students in Telangana. He noted that these courses are being developed with the

primary objective of creating employment opportunities for unemployed youth as part of achieving the Vision 2047 goals envisioned by the Chief Minister.

He further stated that job-oriented courses are being introduced in key sectors such as Aerospace, Defence, Maritime, FinTech, Climate Science, Life Sciences, and Food Technology. He opined that these courses would play a crucial role in strengthening Hyderabad's position as a hub for pharma, aerospace, and life sciences.

Prof. E. Purushotham, Vice-Chairman-I, elaborated on the newly introduced courses in Social Sciences, while Prof. S.K. Mahmood, Vice-Chairman-II, explained the Science stream courses. Prof. Sriram Venkatesh, Secretary, TGCHE, provided an overview of general and multidisciplinary course structures.

TGCHE has prioritized Industry-Academia collaboration by signing MoUs with various industries. The curriculum will integrate practical learning through internships, fieldwork, and industry projects, all of which will carry academic credits under the revised credit system.

Emphasizing the role of technology, the Council has partnered with IIT Madras to introduce AI-

enabled tutors and digital learning modules. These AI tutors will provide 24/7 personalized academic support, bilingual (Telugu and English) learning, and real-time doubt clarification.

The Council is also implementing Flexible Academic Pathways, enabling students to earn a Certificate after one year, Diploma after two years, Degree after three years, and Honours Degree after four years. The Academic Bank of Credits (ABC) will allow students to store and transfer credits, enabling flexible learning and re-entry into education.

Special focus has been given to rural students by introducing courses such as Land, Agriculture, and Rural Development. Additionally, Climate

Science and Environmental Studies have been prioritized to address global environmental challenges.

TGCHE aims to gather feedback from stakeholders over the next four months and finalize the curriculum and faculty training by June–July 2026.

During the interactive session, stakeholders raised several questions, which were addressed by the officials. TGCHE reiterated its commitment to a student-centric education system and assured that all valuable suggestions would be incorporated.

The programme concluded successfully with active engagement and meaningful discussions.

Prof. V. Bala Kista Reddy, Chairman of the Telangana Higher Education Council, requested the unemployed youth of the state to utilize the services of the Digital Employment Exchange of Telangana (DEET), an initiative established by the Telangana State Government under the aegis of

the Department of Industries and Commerce to provide employment opportunities in the private sector.

Speaking today following a meeting held on dt.20.03.2026 at the Telangana Higher Education Council in Hyderabad with officials from the

Digital Employment Exchange of Telangana (DEET), he stated that anyone ranging from the illiterate to those holding a PhD degree who possesses the necessary qualifications and is seeking employment in the private sector can register with the Digital Employment Exchange of Telangana (DEET). He further informed that over 2,000 employers across various sectors, including industrial, service, trading, and IT, have already registered on this digital platform. He noted that more than 4,000 job opportunities encompassing full-time, part-time, internship, apprenticeship, and "work from home" types are currently available. He highlighted that DEET serves as a unified platform connecting both job seekers and employers, enabling candidates to complete their registration with great ease without any hassle, cost, or wastage of time and secure the job of their choice. He emphasized that DEET acts as a crucial bridge, effectively connecting job seekers with prospective employers. Finally, he urged interested individuals to visit the portal [www.deet.telangana.gov.in](http://www.deet.telangana.gov.in) for complete details.

He advised unemployed youth, particularly those in rural areas seeking employment, to make effective use of the Digital Employment Exchange of Telangana (DEET). This platform, which offers services via a mobile app and a website, enables them to easily access job opportunities available in urban areas. He urged all final-year students, as well as those who have already completed their degrees or postgraduate studies across all government and private degree and PG colleges affiliated with universities within Telangana State, to register on the Digital Employment Exchange of Telangana (DEET) online platform.

He further noted that, given the Telangana State Government's primary focus on enhancing the skills of students and the unemployed, the Telangana State Higher Education Council is actively formulating and delivering curricula that align with the current and future requirements of industries and the job market. He emphasized that, at present, equal priority is being accorded to both skill development and employment opportunities.

## Chairman Telangana Higher Education Council (TGCHE) encourages Unemployed Youth to Register on DEET Portal

Prof. V. Balakista Reddy, Chairman, Telangana Higher Education Council, requested the unemployed youth of the state to utilize the services of the Digital Employment Exchange of Telangana (DEET), an initiative established by the Telangana State Government under the aegis of the Department of Industries and Commerce to provide employment opportunities in the private sector.

Speaking today following a meeting held on dt. 20.03.2026 at the Telangana Higher Education Council in Hyderabad with officials from the Digital Employment Exchange of Telangana (DEET), he stated that anyone ranging from the illiterate to those holding a Ph.D degree who possesses the necessary qualifications and is seeking employment in the private sector can register with the Digital Employment Exchange of Telangana (DEET). He further informed that over 2,000 employers across various sectors, including industrial, service, trading, and IT, have already registered on the digital platform. He noted that more than 4,000 job opportunities encompassing full-time, part time, internship, apprenticeship, and "work from home" types are currently available. He highlighted that DEET serves as a unified platform connecting both job seekers and employers, enabling candidates to complete their registration with great ease without any hassle, cost, or wastage of time and secure the job of their choice. He emphasized that DEET acts as a crucial bridge, effectively connecting job seekers with prospective employers. Finally, he urged interested individuals to visit the portal

[www.deet.telangana.gov.in](http://www.deet.telangana.gov.in) for complete details.

He advised unemployed youth, particularly those in rural areas seeking employment, to make effective use of the Digital Employment Exchange of Telangana (DEET). This platform, which offers services via a mobile app and a website, enables them to easily access job opportunities available in urban areas. He urged all final-year students, as well as those who have already completed their degrees or postgraduate studies across all government and private degree and PG colleges affiliated with universities within Telangana State, to register on the Digital Employment Exchange of Telangana (DEET) online platform.

He further noted that, given the Telangana State Government's primary focus on enhancing the skills of students and the unemployed, the Telangana State Higher Education Council is actively formulating and delivering curricula that align with the current and future requirements of industries and the job market. He emphasized that, at present, equal priority is being accorded to both skill development and employment opportunities.

Against this backdrop, It was announced that a Memorandum of Understanding (MoU) would be signed in the coming days with the Digital Employment Exchange of Telangana (DEET), an initiative

characterized by the active participation of universities and students to facilitate employment opportunities within private sector. It was further stated that the link to the DEET website, which operates under the aegis of the Telangana Department of Industries and Commerce, is being integrated into the official website of the Telangana Council of Higher Education (TGCHE). Similarly, all universities across the state of Telangana were requested to incorporate this link into their respective official websites. It was noted that through this initiative, a multitude of students whether currently pursuing their studies or alumni can easily register via the DEET link and secure their desired employment opportunities.

In this context, addressing another significant matter, it was announced that the third round pilot project of the Prime Minister's Internship Scheme (PMIS), launched under the auspices of the Ministry of Corporate Affairs (MCA), Government of India, is set to commence shortly for enrolment of applicants. The eligibility criteria required for this internship scheme are as follows:

**Eligibility Age:** Candidates must be between 18 to 25 years of age.

**Education Qualifications:** Candidates must have completed their 10th grade, 12th grade, ITI, or Polytechnic Diploma. Alternatively, Students currently pursuing their final year of a degree (BA, B.Com., BCA, BBA, B.Pharm., B.E/B.Tech. etc.) or a postgraduate course (MA, M.Sc., M.Com, MCA, M.Tech, etc.) are eligible.

**Family Eligibility:** No member of the candidate's family should be a government employee. The family's annual income for the previous year must be less than Rs. 12 lakhs. Candidates are requested to visit the portal [pminternship.mca.gov.in](http://pminternship.mca.gov.in) for complete details. It was emphasized that this initiative an excellent opportunity provided by the Government of India, should be utilized to gain real-world experience and enhance future employment prospects.

Participants in this event included Professor Sirm Venkatesh Secretary, Telangana State Higher Education Council - TGCHE, J. Rajeshwar Reddy Director, Digital Employment Telangana, and DEET officials Dr. M. Chandrashekar and G. Sriharini.

## Chairman, TGCHE inaugurates TRIIMPACT SDG Centre of Excellence at Sai Sudhir Degree & PG College

**Chairman, TGCHE Inaugurating TRIIMPACT SDG Centre of Excellence at Sai Sudhir College, Hyderabad**

Prof. V. Balakista Reddy, Chairman of the Telangana Council of Higher Education, inaugurated the TRIIMPACT SDG Centre of Excellence (CoE) on 23rd March 2026 at Sai Sudhir Degree & PG College, ECIL, Hyderabad. The Centre has been established under the initiative of the Research Heights Foundation with a vision to promote sustainable development through academic and institutional collaboration.

In his address as Chief Guest, the Chairman emphasized the importance of integrating education with real-world challenges and highlighted the need for higher education institutions to actively contribute to achieving the Sustainable Development Goals (SDGs). He noted that initiatives such as the TRIIMPACT Centre of Excellence play a vital role in bridging the gap between academic learning and practical application, thereby preparing students to become future-ready professionals and responsible global citizens.

The TRIIMPACT model is designed to create a dynamic and collaborative ecosystem by bringing together Academia, Industry, and Government. This integrated approach enables students to gain hands-on experience in research, innovation, and sustainable practices, while also encouraging interdisciplinary learning and problem-solving. The Centre is expected to serve as a platform for nurturing innovation, promoting entrepreneurship, and facilitating impactful research aligned with societal needs.

The Chairman reiterated that the Telangana Council of Higher Education is committed to fostering such

forward-looking initiatives that align with national priorities and global development frameworks. He emphasized that Centres of Excellence like TRIIMPACT will significantly contribute to building a knowledge-driven ecosystem and strengthening the role of higher education in sustainable development.

The initiative is part of the broader vision of the Research Heights Foundation to establish 100 TRIIMPACT Centres of Excellence across the country. This effort is aligned with the goals of Rising Telangana 2047, Viksit Bharat 2047, and the United Nations' SDG 2030 agenda, aiming to create measurable and long-term impact through education, research, and innovation.

The event witnessed the presence of distinguished dignitaries, including K. Surya Prakash Goud, Director, School of Enterprise Development (SED), ni-msme, Hyderabad, who attended as Special Guest, and Dr. Nagendra, Founder & Director of the Research Heights Foundation. The speakers highlighted the importance of entrepreneurship, skill development, and institutional collaboration in achieving sustainable and inclusive growth.

The inauguration of the TRIIMPACT SDG Centre of Excellence marks a significant step towards strengthening the synergy between academia, industry, and government, and reinforces the commitment of stakeholders to create a sustainable, innovation-driven future.

## Chairman, TGCHE Emphasizes Women's Empowerment as Key to Sustainable Development at International Seminar organized by OU

### Chairman, TGCHE Highlighting Women's Role in Sustainable Development

Prof. V. Balakista Reddy, Chairman of the Telangana Council of Higher Education, addressed the International Seminar on "Give to Gain: Women Power for Sustainability" on dt.24.03.2026 organized by Osmania University, highlighting the transformative role of women in building a sustainable and inclusive future.

In his address, he emphasized that the theme "Give to Gain" reflects a deeper philosophy of empowerment, where true progress lies in contributing meaningfully to society. He noted that empowering women goes beyond individual advancement, as it leads to the upliftment of families, strengthening of communities, and overall national development.

The Chairman underscored that sustainability today extends beyond environmental concerns to include social equity, economic inclusion, and responsible leadership. In this broader framework, the active participation of women in education, entrepreneurship, governance, and innovation becomes essential for achieving sustainable development goals.

Referring to the Indian context, he observed that while there has been a significant increase in women's participation across various sectors, challenges such as access to quality higher education, the digital divide, limited leadership opportunities, and economic constraints still persist. Addressing these issues requires a collective and sustained effort from all stakeholders.

He highlighted the crucial role of higher education institutions as engines of empowerment. Universities and colleges must evolve into inclusive spaces that encourage women to think critically, lead confidently,

and innovate fearlessly. Creating such an enabling academic environment is key to unlocking the full potential of women.

Reaffirming the commitment of the Telangana Council of Higher Education, he outlined several initiatives aimed at promoting inclusive and future-ready education. These include the introduction of multidisciplinary and skill-oriented programmes, integration of digital technologies in teaching and learning, and the development of ecosystems that support women's academic and professional growth. The Council envisions empowering women not just as learners, but as leaders, entrepreneurs, and change-makers.

The address also highlighted the importance of mentorship, collaboration, and social responsibility. The concept of "Give to Gain" was described as a call to action—encouraging experienced professionals to mentor young women, institutions to support innovation, and society to uphold the values of equality and inclusiveness. Such efforts can create a sustainable cycle of empowerment.

The seminar provided a dynamic platform for intellectual exchange, enabling participants to share ideas, best practices, and policy perspectives. The discussions are expected to contribute to meaningful strategies for strengthening the role of women in sustainable development.

The Chairman congratulated Osmania University and the organizing team for successfully conducting the seminar and reiterated that women must be recognized not merely as participants in development, but as leaders driving transformative change.

## TGCHE Signs MoU with AIMS to Strengthen Management Education and Skill Ecosystem in Telangana

The Telangana Council of Higher Education (TGCHE) today i.e., 24.03.2026 entered into a Memorandum of Understanding (MoU) with the Association of Indian Management Schools (AIMS) to promote excellence, innovation, and employability in management education across the State. The MoU was formally signed to foster academic collaboration, enhance institutional capabilities, and strengthen the entrepreneurship ecosystem in Telangana. This partnership marks a significant step towards aligning higher education with emerging industry demands and future-ready skills.

Under the MoU, AIMS will extend access to its extensive academic resources, digital content, and capacity-building programmes to students and faculty of institutions affiliated to TGCHE at no cost. TGCHE, in turn, will facilitate the effective rollout of these programmes across universities and colleges in the State and encourage active participation from students, teachers, and trainers. The collaboration will focus on organizing professional development programmes, faculty development initiatives, and faculty exchange activities. It will also support joint publications such as newsletters and journals in the field of management education.

With a robust network of over 800+ management institutions and global academic linkages, AIMS brings valuable expertise and best practices to this partnership. The presence of AIMS' operational base in Hyderabad further strengthens the scope for effective implementation, positioning Telangana as a potential model state in management education for the country.

The MoU also aims to assess the emerging potential sectors within Telangana and introduce new, industry-oriented management programmes in areas such as Airport, Airline, Airspace and Air Traffic Management, Defence, Maritime Studies, Space Technology, Health Management, Tourism and Hospitality Management. These initiatives are aligned with the vision of the Government of Telangana to promote operational excellence and professional competence in key sectors.

The MoU was signed by Prof. Sriram Venkatesh, Secretary, TGCHE and Dr. Ch. S. Durga Prasad, Executive Director, AIMS in the august presence of Prof. E. Purushotham, Vice-Chairman-I, TGCHE, Dr. P.Narayana Reddy, Regional Vice-President of AIMS.

Speaking on the occasion, Prof. V. Balakista Reddy, Chairman, TGCHE emphasized that this collaboration will significantly contribute to improving the quality of education, enhancing knowledge systems, and developing specialized skills among students. It is expected to create a pool of industry-ready professionals equipped to meet the evolving demands of the global economy.

The partnership is non-financial in nature, ensuring that students and institutions benefit from AIMS resources without any financial burden. Both parties have also agreed to uphold principles of data privacy, intellectual property rights, and confidentiality as part of the MoU.

This strategic collaboration reflects TGCHE's continued commitment to advancing higher education standards in Telangana and fostering a dynamic, inclusive, and future-oriented academic ecosystem.

## Chairman, TGCHE Highlights Role of Bioremediation in Sustainable Chemical Waste Management at National Seminar

### Chairman, TGCHE Addressing the National Seminar on Bioremediation at Sri Venkateswara Government Arts & Science College

Prof. V. Balakista Reddy, Chairman of the Telangana Council of Higher Education, addressed a One-Day National Seminar on “*Bioremediation Approaches Using Plant-Animal Systems for Chemical Waste Management*” held on 25th March 2026 at Sri Venkateswara Government Arts & Science College. The seminar was jointly organized by the Departments of Zoology, Chemistry, Botany, and Dairy Science, bringing together academicians, researchers, and students to deliberate on sustainable environmental solutions.

In his address, the Chairman appreciated the organizers for selecting a theme of significant scientific and societal relevance. He emphasized that with rapid industrialization and urbanization, the management of chemical waste has become a critical environmental challenge. Conventional waste treatment methods, though useful, often involve high costs and may contribute to further ecological imbalance.

Highlighting the importance of innovative solutions, he described bioremediation as a sustainable and nature-based approach that utilizes plants, microorganisms, and animal systems to detoxify polluted environments. He noted that phytoremediation and other biological processes offer eco-friendly, efficient, and cost-effective alternatives for restoring environmental health. The integration of plant-animal systems, he added, reflects a holistic and interdisciplinary approach aligned with ecological balance and the principles of a circular economy.

The Chairman further emphasized the importance of interdisciplinary collaboration, stating that the combined efforts of Zoology, Chemistry, Botany, and Dairy Science are essential to address complex environmental issues. He underscored the role of higher education institutions as drivers of sustainable development, urging them to promote

research, innovation, and community engagement.

Reiterating the commitment of the Telangana Council of Higher Education, he highlighted the need to align academic and research initiatives with national and global priorities, particularly the Sustainable Development Goals (SDGs) related to clean water, sustainable cities, and climate action. He encouraged faculty and students to translate research outcomes into practical applications and scalable solutions that can benefit society.

The Chairman also stressed the importance of industry-academia partnerships in advancing bioremediation technologies, noting that such collaborations can accelerate innovation, entrepreneurship, and policy development in environmental management.

Addressing the students, he inspired them to take an active role in environmental protection and sustainability. He urged them to think critically, act responsibly, and contribute meaningfully to building a cleaner and greener future.

The seminar provided a valuable platform for knowledge exchange, fostering scientific temper and encouraging collaborative research in the field of environmental sustainability. The event concluded with optimism that the deliberations would lead to impactful and actionable outcomes.

The Chairman congratulated the organizers for successfully conducting the seminar and wished them continued success in their academic and research endeavors.

## Chairman, TGCHE Emphasizes Relevance of Buddhist Philosophy for Global Peace at World Buddhist Peace Conference 2026

### Chairman, TGCHE Addressing the Inaugural Session of World Buddhist Peace Conference 2026

Prof. V. Balakista Reddy, Chairman of the Telangana Council of Higher Education, participated as Guest of Honour in the inaugural session of the *World Buddhist Peace Conference 2026 held on 27th March 2026*. The conference brought together distinguished scholars, venerable monks, and delegates from across the world to deliberate on the ideals of peace, compassion, and global harmony.

In his address, the Chairman extended his greetings to the organizers for convening a meaningful and timely conference dedicated to promoting universal values. He highlighted that the teachings of Gautama Buddha continue to hold profound relevance even in the contemporary world. At a time marked by conflicts, inequalities, and uncertainties, he noted that the principles of Ahimsa (non-violence), Karuna (compassion), and Maitri (universal brotherhood) offer a guiding framework for building a just and peaceful global society.

He emphasized that the conference represents not merely an intellectual gathering but a confluence of shared human values. Peace, he observed, is not just the absence of conflict but the presence of understanding, empathy, and ethical responsibility.

Highlighting the role of education, the Chairman stated that institutions of higher learning must go beyond imparting knowledge and focus on nurturing values, critical thinking, and social responsibility among students. He underlined that the philosophical foundations of Buddhism provide valuable insights for cultivating mindfulness, emotional intelligence, and ethical leadership – qualities essential for addressing the challenges of the modern world.

In the context of rapid technological advancements and societal transformation, he stressed the need to integrate ancient wisdom with contemporary education. The principles of balance, moderation, and inner peace, as advocated in Buddhist philosophy, are crucial for developing not only skilled professionals but also responsible global citizens.

The Chairman further underscored the importance of engaging youth with these timeless values. He called upon universities and higher education institutions to promote interdisciplinary learning that bridges science, technology, and human values, thereby preparing students to become agents of positive change.

Expressing confidence in the outcomes of the conference, he noted that the deliberations would lead to meaningful insights and actionable strategies for promoting peace at individual, societal, and global levels. He also emphasized the importance of global collaboration and shared commitment in fostering harmony and understanding across cultures and nations.

The address concluded with a reminder of the timeless wisdom of Gautama Buddha that true peace begins within oneself, inspiring participants to carry forward the message of peace and compassion in their personal and professional lives.

The Chairman congratulated the organizers for successfully hosting the conference and wished for its continued success in advancing the cause of global peace and harmony.

## TGCHE Convened a meeting with Subject Experts for Introduction of New Courses Academic Year - 2026-2027

**Chairman, TGCHE Addressing the Subject Experts meeting at TGCHE**

The Telangana Council of Higher Education (TGCHE), convened a meeting with the Subject Experts for Introduction of New Courses for the Academic Year 2026-27 dt.28.03.2026 to deliberate on the introduction of new courses in alignment with emerging trends and with a focus on enhancing employability prospects.

### MEMBERS PRESENT

1. Prof. V.Balakista Reddy, Chairman, TGCHE
2. Prof. E.Purushotham, Vice-Chairman-I, TGCHE
3. Prof. S.K. Mahmood, Vice-Chairman-II, TGCHE
4. Prof. Sriram Venkatesh, Secretary, TGCHE
5. Dr. K Lakshminarayana IAS( Retd)., Former CCE & CTE, Govt. Of A.P
6. Dr. D. Vijaya Prasad, Former Joint Director, Dept. of H.E
7. Prof. G Manohar Singh, Educationist, Former Principal of Women's College.
8. Dr. Ravi Kumar Tati , Professor and Principal, KIMS - Health Care Mgmt.
9. Sri. Ramesh Kanneganti, CHSS Founder & CEO, Expert Defence and Security Studies.

10. Sri M Sunil Kumar, Legal Expert in Land and Revenue Laws
11. Prof. P V Rao, Former Director, Indian Overseas Studies, OU, Expert in International Relations and Mgmt.
12. Prof. A Vidyadhar Reddy, Dept. of Business Mgmt (Retd), OU
13. Dr. Rajeswar Jonnalagadda, Technical Expert in Climate Change & Environment Sciences.
14. Prof. P Kavi Kishor, OU, Hyderabad

Prof. V. Balakista Reddy, Chairman, TGCHE, warmly welcomed the distinguished subject experts representing diverse domains such as Technology, Management, Law, Agriculture, Aerospace, Maritime Studies, and Environmental Sciences. He expressed his appreciation for their valuable presence and insights in shaping the future academic framework of higher education in Telangana.

In his address, the Chairman emphasized the urgent need to align academic programmes with rapidly evolving **industry requirements and global trends**. He stated that the proposed Undergraduate and Postgraduate courses are

being carefully designed to cater to emerging sectors such as Artificial Intelligence, Data Science, Renewable Energy, and Digital Technologies. These initiatives, he noted, are aimed at significantly enhancing the employability of students and preparing them for dynamic job markets.

He further highlighted the importance of adopting a **multidisciplinary approach**, integrating fields such as Technology, Law, and Management to provide a holistic and flexible learning environment. He stressed that future-ready education must go beyond traditional boundaries and equip students with cross-disciplinary knowledge and skills.

In this context, he proposed the introduction of **AI-enabled tutors** as supportive tools to assist both students and teachers, clarifying that such technologies are intended to complement, not replace, the role of educators. He further mentioned that TGCHE would organize **Faculty Development Programmes (FDPs)** to equip teachers with the skills required for modern teaching methodologies.

Highlighting student support initiatives, the Chairman stated that **English language learning materials** developed and made accessible through the TGCHE website to improve students' communication skills. He also emphasized the implementation of the **National Credit Framework**, with a strong focus on internships, project-based learning, and skill development to enhance practical exposure and employability. He added that the introduction of new programmes would strengthen institutional capabilities, attract diverse student populations, and enhance the overall competitiveness of higher education institutions.

Addressing broader economic prospects, he stated that these courses are being designed with a vision to attract investments through **Public-Private Partnerships (PPP)**. He highlighted that sectors like maritime have the potential to attract

investments of nearly ₹3 lakh crore and generate around 20 lakh employment opportunities.

He further informed that, in line with the vision of the Hon'ble Chief Minister Sri .Anumula Revanth Reddy, nearly **39 new courses** are being developed for undergraduate and postgraduate students in Telangana. These courses are aimed at creating large-scale employment opportunities and supporting the State's Vision 2047 goals. He emphasized that programmes in sectors such as Aerospace, Defence, Maritime, FinTech, Climate Science, Life Sciences, and Food Technology will play a crucial role in strengthening Telangana's position as a hub for innovation and industry.

**Prof. S.K. Mahmood, Vice-Chairman-II, TGCHE**, highlighted TGCHE's role in introducing innovative academic reforms such as the **four-year Honours programme with multiple entry and exit options**. He observed that private institutions are more proactive in adopting new programmes, while government institutions need to accelerate their response. He emphasized the importance of building partnerships between academia and industry through formal collaborations to enhance skill development and employability.

**Dr. K. Lakshminarayana, IAS (Retd.)** emphasized the importance of adopting an **interdisciplinary academic framework** aligned with UGC guidelines. He stressed the need to create a sustainable and forward-looking education system capable of addressing current challenges. He highlighted the importance of providing a conducive learning environment and reiterated that the role of teachers will remain vital despite advancements in technology. He also underscored the necessity of integrating real-world engagement into academic programmes, including mandatory project work and industry-oriented semesters, to bridge the gap between education and employability.

**Sri M. Sunil Kumar, Legal Expert in Land and Revenue Laws**, spoke about the growing need for **innovation in agriculture and land governance**.

Drawing from his experience, he highlighted the role of multidisciplinary skills combining technology, law, and agriculture. He noted Telangana's strength as a major seed-producing state and emphasized opportunities in corporate farming, land leasing, and rural entrepreneurship. He appreciated TGCHE's initiative in introducing multidisciplinary agriculture-related courses, which he described as crucial for future workforce development.

**Prof. A. Vidyadhar Reddy** highlighted that **technology has become integral to all sectors**, including education, healthcare, agriculture, and governance. He stressed the need for embedding technology into every course and adopting **outcome-based education models** aligned with NEP 2020. He also emphasized the importance of fostering entrepreneurship, encouraging quality research, and ensuring that academic programmes meet global standards and market requirements.

**Dr. Ravi Kumar Tati** focused on the need for **stronger industry-academia collaboration in healthcare education**. He suggested that colleges should be linked with hospitals, particularly at district and city levels, to provide hands-on experience to students. He highlighted that courses such as MBA in Healthcare Management already include a high proportion of practical training and recommended extending similar models to other disciplines, along with provisions for credit transfer.

**Sri Ramesh Kanneganti**, Founder and CEO of CHSS, emphasized that **Defence and Security Studies** have evolved beyond traditional boundaries and now offer significant academic and career opportunities. He highlighted the relevance of introducing UG and PG programmes in this domain, considering current geopolitical developments. He also pointed out that Telangana provides a conducive ecosystem with strong industrial presence and noted that industry bodies are willing to offer scholarships and internship opportunities to students.

**Prof. G. Manohar Singh** stressed the need to **bridge the gap between education and employment**. He pointed out that outdated curricula have contributed to declining student enrolment in certain programmes and called for comprehensive revision of academic offerings. He emphasized that TGCHE should play a key role in facilitating students' transition from education to successful careers.

**Prof. P.V. Rao** emphasized the importance of designing **market-oriented and globally competitive programmes**. He highlighted emerging opportunities in areas such as the Blue Economy, Maritime Studies, Shipbuilding, Maritime Museums, and Critical Minerals. He stressed that curriculum revision should focus on preparing students to compete effectively in national and international markets.

**Prof. P. Kavi Kishor** appreciated the initiative of TGCHE and emphasized the need for **enhanced internship opportunities** for students. He highlighted the growing pressure on institutions to provide practical exposure and called for greater industry participation. He also stressed the importance of empowering farming communities by involving them in research, innovation, and entrepreneurship.

**Dr. Rajeswar Jonnalagadda**, expert in Climate Change and Environmental Sciences, highlighted the need to overcome the traditional **"ivory tower" approach** in universities. He emphasized the importance of institutional transformation and proactive academic leadership to address real-world challenges. He stressed that universities must adapt to rapidly changing global dynamics, particularly in areas related to climate and sustainability.

## Chairman, TGCHE Applauds Excellence in Education at HMTV & The Hans India Education Awards 2026

### Chairman, TGCHE Addressing the Gathering at HMTV & The Hans India Education Awards 2026

Prof. V. Balakista Reddy, Chairman of the Telangana Council of Higher Education, attended the HMTV & The Hans India Education Awards 2026 held on 28th March 2026, and addressed the gathering as a distinguished guest. The event celebrated excellence, innovation, and commitment in the field of education, recognizing the contributions of institutions, educators, and academic leaders.

In his address, the Chairman expressed his appreciation to HMTV and The Hans India for organizing a prestigious platform that acknowledges the efforts of those shaping the future of education. He emphasized that education is not merely about imparting knowledge but about transforming lives, fostering critical thinking, and developing responsible citizens.

Highlighting the evolving role of education in a rapidly changing world, he noted that institutions must adapt to technological advancements, global challenges, and emerging societal needs. He reiterated that the Telangana Council of Higher Education is actively working towards transformative reforms in higher education.

The Chairman elaborated on the introduction of innovative, multidisciplinary, and skill-integrated programmes from the academic year 2026-27. These programmes span emerging fields such as Artificial Intelligence, Cyber Security, FinTech,

Climate Science, Healthcare Management, and Aviation, reflecting a forward-looking approach to education. He emphasized that the Council's vision is to build a future-ready education ecosystem that bridges the gap between academia and industry, promotes research and innovation, and equips students with employable skills and ethical values.

He further noted that events like the Education Awards serve as a reminder that excellence in education is a collective endeavor involving institutions, faculty, policymakers, and the media. He commended the organizers for promoting a culture of quality, accountability, and recognition in the education sector.

Congratulating the award recipients, the Chairman stated that their achievements set benchmarks for others and inspire the academic community. He described them as torchbearers of change whose contributions will have a lasting impact on future generations.

The address concluded with a call for continued commitment towards innovation, inclusivity, and excellence in education, and for collaborative efforts to build an education system that meets global standards while reflecting local aspirations and values.

The Chairman congratulated the organizers and awardees and wished the initiative continued success in the years to come.

## Chairman, TGCHE Inaugurates National Seminar on History and Heritage at Suravaram Pratap Reddy Telugu University

Prof. V. Balakista Reddy, Chairman of the Telangana Council of Higher Education, inaugurated the National Seminar on “Echoes of the Past: History and Heritage Shaping the Society” on 30th March 2026 at the Nampally Campus of Suravaram Pratap Reddy Telugu University. The seminar was organized by the Department of History, Culture and Tourism, bringing together scholars, academicians, and students to deliberate on the relevance of history and heritage in contemporary society.

In his inaugural address, the Chairman appreciated the University and the Department for selecting a theme of great academic and societal significance. He emphasized that history is not merely a record of past events but a dynamic force that shapes identity, informs the present, and guides the future. Heritage, both tangible and intangible, reflects the collective memory and cultural richness of society, providing a sense of continuity and belonging.

Highlighting the importance of revisiting the past in a rapidly globalizing and technologically advancing world, he noted that understanding history is essential for building an inclusive, culturally aware, and socially responsible society. He observed that Telangana, with its rich and diverse cultural legacy, offers vast opportunities for research, preservation, and promotion of heritage.

The Chairman underscored the critical role of higher education institutions in preserving and reinterpreting historical knowledge. He advocated for interdisciplinary approaches that integrate history with tourism, culture, technology, and sustainability, thereby opening new avenues for learning, research, and employment.

Reiterating the commitment of the Telangana Council of Higher Education, he highlighted ongoing academic reforms aimed at promoting multidisciplinary and future-oriented education. He noted that initiatives encouraging heritage studies, cultural tourism, and digital preservation are aligned with both societal needs and global opportunities.

The seminar was described as a valuable platform for intellectual exchange, enabling participants to engage in meaningful discussions, challenge established narratives, and explore innovative perspectives. The Chairman encouraged students in particular to actively participate and contribute to the evolving discourse on history and heritage.

Expressing confidence in the outcomes of the seminar, he stated that the deliberations would lead to insightful recommendations and contribute to a deeper understanding of the role of history in shaping society.

He congratulated Suravaram Pratap Reddy Telugu University and the organizing team for their commendable initiative and formally declared the National Seminar open.

## Chairman, TGCHE Chairs Meeting with Six Conventional University Deans on Curriculum Development for New UG & PG Programmes

**Chairman, TGCHE in Discussion with Deans of Six Universities on Syllabus Design for Innovative Programmes (AY 2026–27)**

The Telangana Council of Higher Education (TGCHE) convened a meeting with the **Dean's of Six Conventional Universities of Telangana** on 30th March 2026 to deliberate on the development and structuring of syllabi for newly proposed innovative Undergraduate (UG) and Postgraduate (PG) programmes to be introduced from the Academic Year 2026–27.

The following members were present:

1. Prof. V. Balakista Reddy, Chairman, TGCHE
2. Prof. E.Purushotham, Vice-Chairman-I, TGCHE
3. Prof. SK. Mahamood, Vice-Chairman-II, TGCHE
4. Prof. Sriram Venkatesh, Secretary, TGCHE
5. DEAN Faculty of Management, Technology, Social Science, Science, Commerce of Six Conventional Universities of Telangana State

Prof. V. Balakista Reddy, Chairman, TGCHE, welcomed all the members and expressed his appreciation for their participation in the meeting. He highlighted the importance of collective academic efforts in shaping future-ready higher education in Telangana State. The meeting commenced with the following agenda items:

**Agenda 1: Introduction of New and Innovative UG/PG Courses** - An overview of the proposed undergraduate and postgraduate programmes to be introduced from the Academic Year 2026–2027 was

presented. The Chairman emphasized that these programmes are designed to be multidisciplinary, skill-oriented, and aligned with emerging global and industry trends.

He further noted that the introduction of such innovative courses would play a crucial role in enhancing student employability, fostering adaptability, and equipping learners with the competencies required to meet the demands of rapidly evolving sectors.

### **Agenda 2: Review of Applications Received**

The Council reviewed approximately **140 applications** received for the introduction of new innovative courses. The major proposals include: B.Sc. Artificial Intelligence & Machine Learning (AIML) – 62, Cyber Security – 37, B.A. Defence & Security Studies – 12, B.Com. (Digital Marketing) – 13, BBA Aviation Management – 4, BBA Hospital Management & Health Care Management – 9 etc.

The members noted the growing demand for programmes in emerging and technology-driven sectors and appreciated the proactive response from institutions.

### **Agenda 3: Inclusion of Subjects under the Bucket System**

The Council deliberated on the inclusion of new subjects under the existing bucket system framework and resolved that courses will be considered **only if offered in approved combinations**. It was further

decided that **standalone courses** (single-discipline offerings) shall not be included under the bucket system.

#### **Agenda 4: Constitution of Committees for Finalization of Syllabi**

It was discussed and agreed that **subject-specific expert committees** shall be constituted for the preparation and finalization of syllabi for the proposed new courses, ensuring alignment with the norms of the concerned statutory bodies.

The Chairman emphasized the urgent need to align academic programmes with **rapidly evolving industry requirements and global developments**. He stated that the newly proposed UG and PG courses are designed to cater to emerging sectors such as Artificial Intelligence, Data Science, Renewable Energy, and Digital Technologies, thereby enhancing student employability.

He highlighted the importance of a **multidisciplinary approach**, integrating domains such as Technology, Law, and Management to provide a holistic and flexible learning environment.

The Chairman also proposed the introduction of **AI-enabled tutors** as supportive tools to assist both students and faculty, clarifying that such technologies are intended to complement, not replace, the role of teachers. He further informed that **Faculty Development Programmes (FDPs)** will be organized to equip faculty with modern teaching methodologies.

He emphasized that the design of these courses aims to attract investments through **Public-Private Partnerships (PPP)**. In particular, sectors such as Maritime Studies have the potential to attract investments of nearly **₹3 lakh crore** and generate around **20 lakh employment opportunities**.

He further informed that, in line with the vision of the Hon'ble Chief Minister, A. Revanth Reddy, nearly 39 new UG and PG courses are being developed to support employment generation and the State's Vision 2047 goals.

The Chairman also referred to the announcement by the Union Education Minister, Dharmendra Pradhan, regarding the introduction of Artificial Intelligence at the school level, and noted that **UGC regulations mandate 20% technology integration in all courses**.

Prof. Sriram Venkatesh, Secretary, TGCHE, elaborated in detail on the **credit framework**, emphasizing that all programmes must strictly adhere to the norms and guidelines prescribed by the University Grants Commission. He highlighted the importance of maintaining uniformity in credit allocation, course structure, and academic standards across all institutions. In addition, he provided comprehensive clarification on the implementation of the **bucket system**, outlining its structure and operational guidelines. He stated that courses must be offered in approved combinations within defined academic buckets to promote interdisciplinary learning. He also emphasized that the system is designed to provide flexibility to students while ensuring academic coherence and regulatory compliance across programmes.

Further, the Deans of the Faculties of Sciences, Social Sciences, Management, Technology, Law, and Commerce raised several queries and sought clarifications on various aspects of the proposed innovative programmes, including structure, implementation, and regulatory compliance.

The officials of TGCHE addressed all the queries in detail and provided necessary clarifications to the satisfaction of the members. The Deans of the six Universities requested that detailed deliberations be conducted at their respective institutions through appropriate committees and that comprehensive reports be submitted on issues such as course nomenclature, modifications in the DOST portal structure, and the constitution of committees for further action; accordingly, the Deans submitted their reports to the Chairman, TGCHE.

The meeting also included discussions on AEDP courses, wherein it was proposed to constitute a committee comprising Deans, representatives from the Commissionerate of Collegiate Education, and CRISP.

Further, all the Deans requested TGCHE to organize workshops and Faculty Development Programmes (FDPs) for capacity building and also suggested that modalities for credit framework may be carefully designed, keeping in view the needs and learning capabilities of first-generation students.

# ఉపాధి కల్పనే లక్ష్యంగా 39 ప్రత్యేక కోర్సులు

## » టీసాట్ కార్యక్రమంలో ఉన్నత విద్యామండలి చైర్మన్

హైదరాబాద్, మార్చి 17 (ఆంధ్రజ్యోతి): యువతకు ఉపాధి కల్పనే లక్ష్యంగా యూజీ, పీజీ స్థాయిలో 39 కోర్సులకు రూపకల్పన చేశామని ఉన్నత విద్యామండలి చైర్మన్ బాలకిష్టారెడ్డి తెలిపారు. 'యూజీ అండ్ పీజీ కోర్సెస్ న్యూ అండ్ ఎమర్జింగ్ ఏరియాస్' అంశంపై మంగళవారం టీ-సాట్ వేదికగా నిర్వహించిన ప్రత్యక్ష ప్రసార కార్యక్రమంలో ఆయన మాట్లాడారు. అండర్ గ్రాడ్యుయేట్లో 19, పోస్టు గ్రాడ్యుయేట్లో 10 కోర్సులను తక్షణమే ఉపాధి కల్పించేవిగా ఆచరణలోకి తేబోతున్నామని, ఏఈడిపీ(అప్రెంటిస్ ఎనేబుల్డ్ డిగ్రీ ప్రోగ్రామ్స్)లో భాగంగా మరో 10 కోర్సులు ప్రవేశపెడుతున్నామన్నారు. 2030నాటికి తెలంగాణలోని వివిధ రంగాల్లో 20 లక్షల ఉద్యోగాలు ఏర్పడే అవకాశాలున్నాయని, వాటి కోసం యువతను సిద్ధం చేయాలన్న లక్ష్యంతో పని చేస్తున్నామని వివరించారు.

## జులై నాటికి కొత్త కోర్సుల సిలబస్: బాలకిష్టారెడ్డి

ఈనాడు, హైదరాబాద్: రాష్ట్రంలో వచ్చే విద్యా సంవత్సరం(2026-27) నుంచి డిగ్రీ, పీజీలలో 39 నూతన కోర్సులను ప్రవేశపెడుతున్నామని, అందుకు సంబంధించి జూన్-జులై నాటికి సిలబస్ను రూపొందించాలని లక్ష్యంగా పెట్టుకున్నామని రాష్ట్ర ఉన్నత విద్యామండలి చైర్మన్ ఆచార్య వి.బాలకిష్టారెడ్డి వెల్లడించారు. నూతన కోర్సులపై విద్యార్థులు, అధ్యాపకులతో మంగళవారం టీసాట్ ప్రత్యక్ష ప్రసారం ద్వారా ఆయన మాట్లాడారు. అధ్యాపకులు ఆడిగిన సందేహాలకు ఆయన సమాధానమిచ్చారు. డిగ్రీలో మూడు సబ్జెక్టులు కాకుండా ఏపీ తరహాలో సింగిల్ మేజర్ సబ్జెక్టు విధానం తీసుకురావాలని ఫోన్ ద్వారా ఒకరు కోరగా...

ఆ విధానంపై సీఎం రేవంత్ రెడ్డి నుంచి కూడా ఆదేశాలున్నాయని, అధ్యయనం చేస్తున్నామని చెప్పారు.

### ఇంటర్ స్టాట్ గౌరవ వేతనం పెంపు

ఇంటర్ ప్రాక్టికల్స్, రాత పరీక్షలతోపాటు జవాబు పత్రాల మూల్యాంకనంలో పాల్గొనే ఉద్యోగులకు గౌరవ వేతనాలను 25% ఇంటర్ బోర్డు పెంచింది. బోర్డు కార్యదర్శి కృష్ణ ఆదిత్య మంగళవారం ఉత్తర్వులు జారీ చేశారు.
